The Notice of Annual Meeting, this Proxy Statement, and the proxy card are being first mailed to stockholders on or about May 10, 2010.

Important Notice Regarding the Availability of Proxy Materials for the Shareholder Meeting to Be Held on June 24, 2010.

This Proxy Statement and LHC Group's Annual Report on Form 10-K for the fiscal year ended December 31, 2009 are available at <http://investor.lhcgroup.com/annuals.cfm>.

At the Annual Meeting, the Company's stockholders will vote on the following matters:

1. The election of the four (4) Class II directors nominated by the Company's Board of Directors to serve for a term of three (3) years and until their successors are elected;
2. To approve and adopt the Company's 2010 Long Term Incentive Plan ("2010 LTIP"); and
3. The ratification of the selection of KPMG LLP as the Company's independent registered public accounting firm for the fiscal year ending December 31, 2010.

Once the business of the Annual Meeting concludes, members of our management team and representatives of KPMG LLP, our independent registered public accounting firm, will be present to respond to appropriate questions from stockholders.

The Company's Board of Directors recommends stockholders vote FOR the election of the Board of Directors' four Class II nominees for director, FOR the approval and adoption of the Company's 2010 LTIP and FOR ratification of KPMG LLP as the Company's independent registered public accounting firm for fiscal 2010.

Proxy Solicitation

You are receiving this Proxy Statement and proxy card because you own shares of Common Stock. This Proxy Statement describes matters we would like you to vote on at the Annual Meeting. It also provides you with information about these matters so that you can make an informed decision.

A proxy is your legal designation of another person, also referred to as a “proxy,” to vote your shares of stock. The written document providing notice of the Annual Meeting and describing the matters to be considered and voted on is called a “proxy statement.” The document used to designate a proxy to vote your shares of stock is called a “proxy card”. Our board of directors has designated two of our officers, Keith G. Myers and Peter C. November, as proxies for the Annual Meeting.

If your shares are held by a bank or brokerage firm, you are considered the “beneficial owner” of share held in “street name.” If your shares are held in street name, your bank or brokerage firm (the record holder of your shares) forwarded these proxy materials, along with a voting instruction card, to you.

Voting Procedures

Only record holders of shares of Common Stock outstanding as of the close of business on April 29, 2010 (the “Record Date”) are entitled to notice of and to a vote at the Annual Meeting and any adjournment(s) or postponement(s) thereof. Each share of Common Stock is entitled to one vote on all matters presented at the Annual Meeting. Stockholders do not have the right to cumulate their votes, and proxies cannot be voted for a greater number of persons for director than the number of nominees named. As of the close of business on the Record Date, the Company had 18,620,796 shares of Common Stock outstanding and entitled to vote. The Notice of Annual Meeting, this Proxy Statement, and the proxy card are being first mailed to stockholders on or about May 10, 2010.

Stockholders may cast their votes in several different ways. When voting for director nominees, they may (1) vote “FOR” all the nominees, (2) “WITHHOLD” authority to vote for all nominees, or (3) “WITHHOLD” authority to vote for one or more nominees but vote “FOR” the other nominees. With respect to other proposals, stockholders may vote “FOR” or “AGAINST” the proposal, or they may “ABSTAIN” from voting on the proposal.

An Inspector of Election will be appointed, among other things, to determine the number of shares of Common Stock outstanding on the Record Date, the number of shares represented at the Annual Meeting, the existence of a quorum and the authenticity, validity and effect of proxies, to receive votes of ballots, to hear and determine all challenges and questions in any way arising in connection with the right to vote, to count and tabulate all votes and to determine the results of the matters considered at the Annual Meeting.

Voting in person. You may vote your shares at the Annual Meeting either in person or by proxy. If you are a registered stockholder and you attend the Annual Meeting, you may deliver your completed proxy card in person. Additionally, we will pass out written ballots to registered stockholders who desire to vote in person at the Annual Meeting. Voting by proxy in response to this solicitation will not affect a stockholder’s right to attend the Annual Meeting and to vote in person. If you are a beneficial owner of shares held in street name, you may not vote your shares in person at the Annual Meeting unless you obtain a power of attorney or proxy form from the record holder of your shares. All holders of shares of Common Stock, or individuals holding their duly appointed proxies, may attend the Annual Meeting. Stockholders must present a form of photo identification to be admitted to the Annual Meeting. If you hold your shares in street name, you are invited to attend the Annual Meeting, but you will also need to bring a copy of your bank or brokerage statement evidencing your ownership of Common Stock as of the Record Date to gain admittance.

Voting by proxy. We urge you to vote by proxy even if you intend to attend the Annual Meeting in person. If you are a registered stockholder at the close of business on the Record Date, you may vote by proxy through the Internet, telephone or by completing, signing, dating and returning the enclosed proxy card, in time to be

received by us prior to the Annual Meeting. If you vote by Internet or by telephone, you do not need to return your proxy card. You may *not* vote by more than one method. If you submit your vote by more than one method, only the last vote that is submitted will be counted and each previous vote will be disregarded. If you do not return your proxy card and do not attend the Annual Meeting, and the shares are registered in your name, your shares will not be voted.

If a proxy is properly voted and not revoked, the shares represented by the proxy will be voted in accordance with the instructions provided. If a proxy card is signed but no instructions are given with respect to the matters to be acted upon, the shares represented by the proxy will be voted FOR the election of the four Class II directors nominated by the Company's Board of Directors, FOR the approval and adoption of the 2010 LTIP and FOR the proposal to ratify KPMG LLP as the Company's independent registered public accounting firm for fiscal 2010. We know of no other business that will be presented at the Annual Meeting. However, if any other matter properly comes before the stockholders for vote at the Annual Meeting, your shares will be voted in accordance with the best judgment of the proxy holders.

Voting through a bank or broker. If your shares are held in "street name", your bank or brokerage firm forwarded these proxy materials, as well as voting instructions, to you. Please follow the instructions on the voting instruction card to vote your shares. Your bank or brokerage firm may allow you to vote by telephone or the Internet.

As the beneficial owner of the shares, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to "routine" items, but it will not be permitted to vote your shares with respect to "non-routine" items. In the case of a non-routine item, your shares will be considered "broker non-votes" on that proposal. Proposal 3—Ratification of Independent Registered Public Accounting Firm is a routine matter. Proposal 1—Election of Directors and Proposal 2—Approval and Adoption of the 2010 Long Term Incentive Plan are both non-routine matters.

Quorum and Votes Required

A quorum must be present at the Annual Meeting to conduct any business. The Company's bylaws require the presence, in person or by proxy, of the holders of a majority of the voting power of the outstanding shares of Common Stock entitled to vote in the election of directors to constitute a quorum. If a quorum is not present, a majority of the shares represented at the Annual Meeting may adjourn the Annual Meeting to another date, time or place. No notice of the time and place of the adjourned meeting will be given if the adjournment is for less than 30 days and no new record date is fixed for the adjourned meeting. Abstentions will be treated as shares present for quorum purposes, but broker non-votes will not be counted as present for purposes of a quorum, as they are not shares entitled to vote in the election of directors.

If a quorum is present at the Annual Meeting, the following stockholder votes will be required for approval of the proposals to be submitted at the Annual Meeting:

- *Proposal 1—Election of Directors.* The nominees for director shall be elected by a plurality of the votes cast at the Annual Meeting, meaning that the four nominees for director receiving the greatest number of votes will be elected. If you vote "WITHHOLD" with respect to one or more nominees, your shares will not be voted with respect to the person or persons indicated. If you hold your shares in street name, your failure to indicate voting instructions to your bank or broker will have the same effect as "WITHHOLD" votes for Proposal 1.
- *Proposal 2—Approval and Adoption of the 2010 LTIP.* Approval and adoption of the 2010 LTIP to increase the number of shares available for issuance requires the affirmative vote of a majority of the voting power of the outstanding Common Stock present, in person or by proxy, at the Annual Meeting

and entitled to vote on the matter. If you indicate “ABSTAIN” on your proxy card, it will have the same effect as a vote against Proposal 2. If you hold your shares in street name and you do not provide voting instructions to your bank or broker, it will have no impact on the outcome of Proposal 2, as broker non-votes are not entitled to vote on the matter.

- *Proposal 3—Ratification of Independent Registered Public Accounting Firm.* The ratification of KPMG LLP requires the approval of a majority of the voting power of the outstanding shares of Common Stock present, in person or by proxy, at the Annual Meeting and entitled to vote on the matter. If you indicate “ABSTAIN” on your proxy card, it will have the same effect as a vote against Proposal 3. If you hold your shares in street name, your failure to indicate voting instructions to your bank or broker will not affect the outcome of Proposal 3, as the ratification of an independent registered public accounting firm is a routine matter on which banks and brokers may vote in their discretion even in the absence of specific voting instructions from you.

Expenses

The Company will bear the cost of solicitation, including the preparation, assembly, printing and mailing of the proxy materials. Copies of solicitation materials will be furnished to brokerage houses, fiduciaries and custodians holding shares for forwarding to the beneficial owners of the shares. The Company may reimburse such persons for their costs in forwarding the solicitation materials to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitations in person or by telephone, facsimile or other means by directors, officers or employees of the Company. No additional compensation will be paid to these individuals for any such services. Except as described above, the Company does not presently intend to solicit proxies other than by mail.

Revocability

Any registered stockholder voting by proxy may revoke that proxy at any time at or before the Annual Meeting by (a) giving written notice of such revocation, prior to or at the Annual Meeting, to the Company, Attention: Secretary, 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503, (b) voting in person at the Annual Meeting, or (c) casting a new vote by telephone or the Internet prior to the Annual Meeting, or by properly executing and delivering to the Company, prior to or at the Annual Meeting, a proxy card bearing a later date. Your presence at the Annual Meeting will not in itself revoke your proxy; you must obtain a ballot and vote or deliver a later-dated proxy card at the Annual Meeting to revoke your proxy. Unless properly revoked, the shares represented by proxies received by the Board of Directors will be voted at the Annual Meeting.

PROPOSALS FOR STOCKHOLDER ACTION

PROPOSAL 1 ELECTION OF DIRECTORS

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR” PROPOSAL 1, THE ELECTION OF JOHN L. INDEST, RONALD T. NIXON, W.J. “BILLY” TAUZIN AND KENNETH E. THORPE.

The Company’s Board of Directors (the “Board”) is composed of three classes, designated Class I, Class II and Class III, with one class of directors elected each year for a three-year term. The term of the four Class II directors expires at the 2010 Annual Meeting. The current Class II directors are John L. Indest, Ronald T. Nixon, W.J. “Billy” Tauzin and Kenneth E. Thorpe. The Board is currently composed of ten directors, eight of whom are outside, non-employee directors and two of whom are employee directors. The Nominating and Corporate Governance Committee conducted an evaluation of each Class II nominee to evaluate his performance prior to recommending to the Board his nomination for an additional term as a director. Upon the recommendation of the Nominating and Corporate Governance Committee, which consists entirely of independent directors, the Board nominated Messrs. Indest, Nixon, Tauzin and Thorpe for election as Class II directors to serve until the Annual Meeting of Stockholders in 2013 and until their successors have been elected and qualified.

The term of the Class III directors will expire at the 2011 annual meeting of stockholders of the Company, and the term of the Class I directors will expire at the 2012 annual meeting of stockholders of the Company. Each succeeding term of a director in Class I, Class II, or Class III shall be for three years and until his or her successor is elected and qualified. The current Class I Directors are Monica F. Azare, John B. Breaux and Dan S. Wilford and the current Class III directors are Keith G. Myers, Ted W. Hoyt and George A. Lewis.

The Certificate of Incorporation of the Company (the “Certificate of Incorporation”) presently provides that the number of directors shall be fixed from time to time by the Board pursuant to a resolution adopted by a majority of the Board. At each annual meeting of stockholders, or special meeting in lieu thereof, after the initial classification of the board of directors, the successors to directors whose terms will then expire will be elected to serve from the time of election and qualification until the third annual meeting following election, or special meeting held in lieu thereof. The number of directors may be changed only by resolution of the Board. Any additional directorships resulting from an increase in the number of directors will be distributed among the three classes so that, as nearly as possible, each class will consist of one-third of the directors. The Company’s bylaws further provide that newly created directorships resulting from any increase in the authorized number of directors or any vacancies in the Board resulting from death, resignation, retirement, disqualification, removal from office or other cause shall, unless otherwise provided by law or by resolution of the Board, be filled only by a majority vote of the directors then in office, though less than a quorum, and directors so chosen shall hold office until their successor is elected and qualified.

Each nominee for election at the Annual Meeting has consented to be a candidate and to be so named in this Proxy Statement and to serve, if elected. The Company does not know of any reason why any nominee would be unable or, if elected, will decline to serve as a director. If any nominee becomes unable or unwilling to serve, the Board may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the persons named as proxies will vote your shares for the substitute nominees, unless you have voted “WITHHOLD” with respect to the original nominee.

Directors are elected by a plurality of the votes cast at the Annual Meeting. Therefore, the four nominees for election as Class II directors who receive the greatest number of votes cast at the Annual Meeting will be elected to the Board as Class II directors. Shares may not be voted cumulatively, and proxies cannot be voted for a greater number of persons than the number of nominees named. Unless otherwise specified, shares voted by the accompanying proxy card will be voted “FOR” John L. Indest, Ronald T. Nixon, W.J. “Billy” Tauzin and Kenneth E. Thorpe as Class II directors.

The Board believes that Mr. Wilford's extensive experience in healthcare operations and his extensive knowledge of the hospital industry provides significant value to the Board's ability to provide operational oversight of management and to assist the Company in carrying out its hospital joint venture strategy. Further, Mr. Wilford's experience on other publicly traded boards provides the Board with valuable insight on corporate governance matters.

PROPOSAL 2

APPROVAL AND ADOPTION OF THE 2010 LONG TERM INCENTIVE PLAN

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE "FOR" PROPOSAL 2, THE APPROVAL AND ADOPTION OF THE 2010 LONG TERM INCENTIVE PLAN

On April 30, 2010, the Company's Board of Directors adopted, subject to stockholder approval at the Annual Meeting, the LHC Group, Inc. 2010 Long-Term Incentive Plan. The 2010 LTIP will become effective as of the date it is approved by the stockholders.

Approval and adoption of the 2010 LTIP requires the affirmative vote of a majority of the voting power of the outstanding Common Stock present, in person or by proxy, at the Annual Meeting and entitled to vote on the matter. Abstentions will have the same effect as a vote against approval and adoption of the 2010 LTIP. Broker non-votes will have no impact on the outcome of Proposal 2, as broker non-votes are not entitled to vote on the matter.

The Company currently maintains the 2005 Incentive Plan (the "Prior Plan"). As of April 29, 2010, there were approximately 511,736 shares of the Company's Common Stock subject to outstanding awards under the Prior Plan. As of such date, there were approximately 96,427 shares of the Company's Common Stock reserved and available for future awards under the Prior Plan. If the stockholders approve the 2010 LTIP, all future equity awards will be made from the 2010 LTIP, and the Company will not grant any additional awards under the Prior Plan.

A summary of the 2010 LTIP is set forth below. This summary is qualified in its entirety by the full text of the 2010 LTIP, which is attached to this proxy statement as Appendix A.

Summary of the 2010 LTIP

Purpose. The purpose of the 2010 LTIP is to promote the Company's success by linking the personal interests of the Company's employees, officers, directors and consultants to those of the Company's stockholders, and by providing participants with an incentive for outstanding performance. The 2010 LTIP is also intended to enhance the Company's ability to motivate, attract, and retain the services of employees, officers, directors and consultants upon whose judgment, interest, and special effort the successful conduct of the Company's operation is largely dependent.

Administration. The 2010 LTIP will be administered by the Compensation Committee (the "Committee") of the Board. The Committee will have the authority to designate participants; determine the type or types of awards to be granted to each participant and the number, terms and conditions thereof; establish, adopt or revise any rules and regulations as it may deem advisable to administer the 2010 LTIP; and make all other decisions and determinations that may be required under the 2010 LTIP. The full Board may at any time elect instead to administer the 2010 LTIP. If it does so, it will have all the powers of the Committee under the 2010 LTIP.

Eligibility. The 2010 LTIP permits the grant of incentive awards to employees, officers, non-employee directors, and consultants of the Company and its affiliates as selected by the Committee. The number of eligible participants is approximately 6,998. The number of eligible participants may increase over time based upon future growth of the Company and its affiliates.

Permissible Awards. The 2010 LTIP authorizes the granting of awards in any of the following forms:

- options to purchase shares of the Company's Common Stock, which may be nonstatutory stock options or incentive stock options under the Internal Revenue Code of 1986, as amended (the "Code");
- stock appreciation rights (SARs), which give the holder the right to receive the difference (payable in cash or stock, as specified in the award certificate between the fair market value per share of the Company's Common Stock on the date of exercise over the base price of the award;
- restricted stock, which is subject to restrictions on transferability and subject to forfeiture on terms set by the Committee;
- restricted or deferred stock units, which represent the right to receive shares of Common Stock (or an equivalent value in cash or other property, as specified in the award certificate) in the future, based upon the attainment of stated vesting or performance criteria in the case of restricted stock units;
- performance awards, which are awards payable in cash or stock upon the attainment of specified performance goals (any award that may be granted under the 2010 LTIP may be granted in the form of a performance award);
- dividend equivalents, which entitle the holder of a full-value award to cash payments (or an equivalent value payable in stock or other property) equal to any dividends paid on the shares of stock underlying the full-value award;
- other stock-based awards in the discretion of the Committee, including unrestricted stock grants; and
- cash-based awards, including performance-based annual bonus awards.

Shares Available for Awards. Subject to adjustment as provided in the 2010 LTIP, the aggregate number of shares of Common Stock reserved and available for issuance pursuant to awards granted under the 2010 LTIP is 1,500,000.

Share Counting. The share counting provisions of the 2010 LTIP provide that the following shares will be added back to the 2010 LTIP share reserve and will again be available for issuance pursuant to awards granted under the 2010 LTIP: (i) unissued or forfeited shares originally subject to an award that is canceled, terminates,

expires, is forfeited or lapses for any reason; (ii) shares subject to awards settled in cash; (iii) shares withheld or repurchased from an award or delivered by a participant to satisfy minimum tax withholding requirements; (iv) shares delivered to the Company in satisfaction of the exercise price of an option; (v) shares originally subject to an option or SAR that are not issued upon exercise of the option or SAR for any reason, including by reason of net-settlement of the award, the unissued shares originally subject to the award will be added back to the 2010 LTIP share reserve; and (vi) shares subject to an award other than an option or SAR that are not issued for any reason, including by reason of failure to achieve maximum performance goals.

Limitations on Individual Awards. The maximum aggregate number of shares of Common Stock subject to stock-based awards that may be granted under the 2010 LTIP in any 12-month period to any one participant is as follows: options, 500,000; stock appreciation rights, 500,000; restricted stock or stock units, 500,000; and other stock-based awards, 500,000. The maximum aggregate amount that may be paid with respect to cash-based awards under the 2010 LTIP to any one participant in any fiscal year of the Company shall be \$2,000,000.

Minimum Vesting Requirements. Full-value awards (which are any stock-settled awards other than options or SARs) granted under the 2010 Plan will either (i) be subject to a minimum vesting period of three years (which may include graduated vesting within such three-year period), or one year if the vesting is based on performance criteria other than continued service, or (ii) be granted solely in exchange for foregone cash compensation. Notwithstanding the foregoing, the Committee may (i) permit acceleration of vesting of full-value awards in the event of a participant's death, disability, or retirement, or the occurrence of a change in control, and (ii) grant full-value awards covering 10% or fewer of the total number of shares authorized under the 2010 LTIP without respect to these minimum vesting requirements.

Performance Goals. All options and SARs granted under the 2010 LTIP are designed to be exempt from the \$1,000,000 deduction limit imposed by Code Section 162(m). The Committee may designate any other award granted under the 2010 LTIP as a qualified performance-based award in order to make the award fully deductible without regard to the \$1,000,000 deduction limit imposed by Code Section 162(m). If an award is so designated, the Committee must establish objectively determinable performance goals for the award based on one or more of the following business criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of an affiliate or a division, region, department or function within the Company or an affiliate:

- Revenue
- Sales
- Profit (net profit, gross profit, operating profit, economic profit, profit margins or other corporate profit measures)
- Earnings (EBIT, EBITDA, earnings per share, or other corporate earnings measures)
- Net income (before or after taxes, operating income or other income measures)
- Cash (cash flow, cash generation or other cash measures)
- Stock price or performance
- Total stockholder return (stock price appreciation plus reinvested dividends divided by beginning share price)
- Economic value added
- Return measures (including, but not limited to, return on assets, capital, equity, investments or sales, and cash flow return on assets, capital, equity, or sales);
- Market share
- Improvements in capital structure
- Expenses (expense management, expense ratio, expense efficiency ratios or other expense measures)

- Business expansion or consolidation (acquisitions and divestitures)
- Internal rate of return or increase in net present value
- Working capital targets
- Productivity measures
- Cost reduction measures
- Strategic plan development and implementation

The Committee must establish such goals within 90 days after the beginning of the period for which such performance goal relates (or such later date as may be permitted under applicable tax regulations) and the Committee may for any reason reduce (but not increase) any award, notwithstanding the achievement of a specified goal. The Committee may provide, at the time the performance goals are established, that any evaluation of performance shall exclude or otherwise objectively adjust for specified circumstances or events that occur during a performance period, including but not limited to: (a) asset write-downs or impairment charges; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in then-current accounting principles; (f) extraordinary nonrecurring items as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (g) acquisitions or divestitures; and (h) foreign exchange gains and losses.

Limitations on Transfer; Beneficiaries. A participant may not assign or transfer an award other than by will or the laws of descent and distribution or, except in the case of an incentive stock option, pursuant to a domestic relations order; provided, however, that the Committee may permit other transfers (other than transfers for value) where it concludes that such transferability does not result in accelerated taxation, does not cause any option intended to be an incentive stock option to fail to qualify as such, and is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, any state or federal tax or securities laws or regulations applicable to transferable awards. A participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the participant and to receive any distribution with respect to any award upon the participant's death.

Treatment of Awards upon a Participant's Retirement or Termination of Service Due to Death or Disability. Unless otherwise provided in an award certificate or any special plan document governing an award, upon the participant's Retirement, or upon the termination of a participant's service due to death or Disability (as such terms are defined in the 2010 LTIP), then:

- all of that participant's outstanding options and SARs will become fully vested and exercisable;
- all time-based vesting restrictions on that participant's outstanding awards will lapse as of the date of termination; and
- the payout opportunities attainable under all of that participant's outstanding performance-based awards will be deemed to have been fully earned at the greater of "target" or actual performance as of the date of such termination.

Treatment of Awards upon a Change in Control. Unless otherwise provided in an award certificate or any special plan document governing an award, if within two years after the effective date of the change in control, a participant's employment is terminated without Cause or the participant resigns for Good Reason (as such terms are defined in the 2010 LTIP), then:

- all of that participant's outstanding options and SARs will become fully vested and exercisable;
- all time-based vesting restrictions on that participant's outstanding awards will lapse as of the date of termination; and

- the payout opportunities attainable under all of that participant's outstanding performance-based awards will be deemed to have been fully earned at the greater of "target" or actual performance as of the date of such termination.

Adjustments. In the event of a transaction between the Company and its stockholders that causes the per-share value of the Company's Common Stock to change (including, without limitation, any stock dividend, stock split, spin-off, rights offering, or large nonrecurring cash dividend), the share authorization limits under the 2010 LTIP will be adjusted proportionately, and the Committee must make such adjustments to the 2010 LTIP and awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction. In the event of a stock split, a stock dividend, or a combination or consolidation of the outstanding Common Stock into a lesser number of shares, the authorization limits under the 2010 LTIP will automatically be adjusted proportionately, and the shares then subject to each award will automatically be adjusted proportionately without any change in the aggregate purchase price.

Termination and Amendment. The Board or the Committee may, at any time and from time to time, terminate or amend the 2010 LTIP, but if an amendment would constitute a material amendment requiring stockholder approval under applicable listing requirements, laws, policies or regulations, then such amendment will be subject to stockholder approval. In addition, the Board or the Committee may condition any amendment on the approval the stockholders for any other reason. No termination or amendment of the 2010 LTIP may, without the written consent of the participant, reduce or diminish the value of an outstanding award.

The Committee may amend or terminate outstanding awards. However, such amendments may require the consent of the participant and, unless approved by the stockholders, the exercise price of an outstanding option may not be reduced, directly or indirectly, and the original term of an option may not be extended.

Prohibition on Repricing. As indicated above under "Termination and Amendment," outstanding stock options cannot be repriced, directly or indirectly, without stockholder approval. The exchange of an "underwater" option (i.e., an option having an exercise price in excess of the current market value of the underlying stock) for another award would be considered an indirect repricing and would, therefore, require stockholder approval.

Certain U.S. Federal Income Tax Effects

The U.S. federal income tax discussion set forth below is intended for general information only and does not purport to be a complete analysis of all of the potential tax effects of the 2010 LTIP. It is based upon laws, regulations, rulings and decisions now in effect, all of which are subject to change. State and local income tax consequences are not discussed, and may vary from locality to locality.

Nonstatutory Stock Options. There will be no federal income tax consequences to the optionee or to the Company upon the grant of a nonstatutory stock option under the 2010 LTIP. When the optionee exercises a nonstatutory option, however, he or she will recognize ordinary income in an amount equal to the excess of the fair market value of the stock received upon exercise of the option at the time of exercise over the exercise price, and the Company will be allowed a corresponding federal income tax deduction. Any gain that the optionee realizes when he or she later sells or disposes of the option shares will be short-term or long-term capital gain, depending on how long the shares were held.

Incentive Stock Options. There will be no federal income tax consequences to the optionee or to the Company upon the grant or exercise of an incentive stock option. If the optionee holds the option shares for the required holding period of at least two years after the date the option was granted and one year after exercise, the difference between the exercise price and the amount realized upon sale or disposition of the option shares will be long-term capital gain or loss, and the Company will not be entitled to a federal income tax deduction. If the optionee disposes of the option shares in a sale, exchange, or other disqualifying disposition before the required holding period ends, he or she will recognize taxable ordinary income in an amount equal to the excess of the fair

market value of the option shares at the time of exercise over the exercise price, and the Company will be allowed a federal income tax deduction equal to such amount. While the exercise of an incentive stock option does not result in current taxable income, the excess of the fair market value of the option shares at the time of exercise over the exercise price will be an item of adjustment for purposes of determining the optionee's alternative minimum taxable income.

SARs. A participant receiving a SAR under the 2010 LTIP will not recognize income, and the Company will not be allowed a tax deduction, at the time the award is granted. When the participant exercises the SAR, the amount of cash and the fair market value of any shares of stock received will be ordinary income to the participant and the Company will be allowed a corresponding federal income tax deduction at that time.

Restricted Stock. Unless a participant makes an election to accelerate recognition of the income to the date of grant as described below, a participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a restricted stock award is granted, provided that the award is nontransferable and is subject to a substantial risk of forfeiture. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the stock as of that date (less any amount he or she paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). If the participant files an election under Code Section 83(b) within 30 days after the date of grant of the restricted stock, he or she will recognize ordinary income as of the date of grant equal to the fair market value of the stock as of that date (less any amount paid for the stock), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m). Any future appreciation in the stock will be taxable to the participant at capital gains rates. However, if the stock is later forfeited, the participant will not be able to recover the tax previously paid pursuant to the Code Section 83(b) election.

Restricted or Deferred Stock Units. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a stock unit award is granted. Upon receipt of shares of stock (or the equivalent value in cash or other property) in settlement of a stock unit award, a participant will recognize ordinary income equal to the fair market value of the stock or other property as of that date (less any amount he or she paid for the stock or property), and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Cash-Based Performance Awards. A participant will not recognize income, and the Company will not be allowed a tax deduction, at the time a cash-based performance award is granted (for example, when the performance goals are established). Upon receipt of cash in settlement of the award, a participant will recognize ordinary income equal to the cash received, and the Company will be allowed a corresponding federal income tax deduction at that time, subject to any applicable limitations under Code Section 162(m).

Tax Withholding. The Company has the right to deduct or withhold, or require a participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including employment taxes) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the 2010 LTIP.

Benefits to Named Executive Officers and Others

As of April 29, 2010, no awards had been granted under the 2010 LTIP. Awards will be made at the discretion of the Committee or pursuant to delegated authority. Therefore, it is not presently possible to determine the benefits or amounts that will be received by such persons or groups pursuant to the 2010 LTIP in the future.

PROPOSAL 3

RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM THE BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" PROPOSAL 3, THE RATIFICATION OF THE APPOINTMENT OF KPMG, LLP AS THE COMPANY'S REGISTERED INDEPENDENT PUBLIC ACCOUNTING FIRM.

The independent accounting firm of KPMG, LLP ("KPMG") has served as the Company's independent auditors since August 20, 2008. The Company's Audit Committee has selected KPMG to conduct the annual audit of the financial statements of the Company for its fiscal year ending December 31, 2010. KPMG has no financial interest, direct or indirect, in the Company and does not have any connection with the Company except in its professional capacity as an independent auditor.

The ratification by the stockholders of the selection of KPMG as independent auditors is not required by law or by the bylaws of the Company. The Board, consistent with the practice of many publicly held corporations, is nevertheless submitting ratification of its selection of KPMG to its stockholders for approval. If our stockholders do not ratify the selection of KPMG at the Annual Meeting, the Audit Committee may reconsider its selection of KPMG as the Company's independent auditor for the fiscal year ending December 31, 2010. Even if the selection of KPMG is ratified, the Audit Committee, in its sole discretion, may appoint a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the best interests of the Company and our stockholders.

Representatives of KPMG will be present at the Annual Meeting and will have an opportunity to make a statement, if they so desire, and to respond to appropriate questions.

The ratification of the selection of KPMG requires the approval of a majority of the voting power of the outstanding shares of Common Stock present, in person or by proxy, at the Annual Meeting and entitled to vote on the matter. Abstentions will have the same effect as a vote against the ratification of the selection of KPMG as the Company's independent registered public accounting firm. Because Proposal 3 is a routine matter, there will be no broker non-votes associated with this proposal.

PRINCIPAL ACCOUNTING FEES AND SERVICES

The following table shows the fees related to the audit and other services provided by KPMG for the fiscal years ended December 31, 2009 and 2008:

<u>Fee Category</u>	<u>2009</u>	<u>2008</u>
Audit Fees	\$1,158,394	\$1,275,000
Audit-Related Fees	—	—
Tax Fees	—	—
Other Fees	1,500	1,500
Total	<u>\$1,159,894</u>	<u>\$1,276,500</u>

- *Audit Fees* for KPMG in 2008 and 2009 includes the aggregate fees billed for professional services rendered for the audit of the Company’s annual financial statements for fiscal years 2009 and 2008 and internal control over financial reporting, review of the Company’s Form 10-K and Form 10-Qs for the same periods, and quarterly reviews.
- *Tax Fees* includes the aggregate fees billed for tax compliance, tax advice, and tax planning services rendered during fiscal years 2009 and 2008.
- *Other Fees* for KPMG includes the Accounting Research Online tool used by the Company during fiscal 2009 and 2008.

On August 20, 2008, the Audit Committee of the Company’s Board of Directors dismissed Ernst & Young LLP (“Ernst & Young”) as our independent registered public accounting firm. Ernst & Young did not issue a report on our financial statements for the fiscal years ended December 31, 2008 or 2009.

During 2006 and 2007, there were no disagreements with Ernst & Young on any matter of accounting principles or practices, financial statement disclosure or auditing scope or procedure, which disagreements if not resolved to the satisfaction of Ernst & Young would have caused it to make reference to the subject matter of such disagreements in their reports on our financial statements for such years.

AUDIT COMMITTEE PRE-APPROVAL POLICY

The Company’s Audit Committee approves all fees to be paid for audit and audit related services, tax and all other fees of the Company’s independent auditor prior to engagement for those services.

The Audit Committee is responsible for the appointment, compensation and oversight of the work performed by the Company’s independent registered public accounting firm. The Audit Committee has adopted a pre-approval policy requiring it to pre-approve all audit and audit- related services and permitted non-audit services provided by the independent registered public accounting firm in order to assure that the provision of such services does not impair the auditor’s independence. The Audit Committee pre-approved all services provided by Ernst & Young and KPMG in 2008 and 2009. The Audit Committee has pre-approved all fiscal 2010 services by Ernst & Young and KPMG.

The Audit Committee pre-approval policy sets forth specified audit, audit-related, tax and other permissible non-audit services, if any, for which pre-approval is provided, without further approval by the Audit Committee, up to a maximum fee amount set annually by the Audit Committee. Pre-approval is generally provided for up to one year, and any proposed services exceeding these fee levels or any services not specifically identified in the policy must be specifically pre-approved by the Audit Committee. The Company’s independent registered public accounting firm and management periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval policy. The Audit Committee may also pre-approve particular services on a case-by-case basis and may delegate specific pre-approval authority to one or more members pursuant to a resolution adopted by the unanimous approval of the Audit Committee, provided that the member reports any pre-approved services at the next regularly scheduled Audit Committee meeting.

THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

Independence of Directors

The Board has reviewed the independence of each of the Company's directors in light of the definition of "independent director" as that term is defined in the NASDAQ Marketplace Rules. As a result of this review, the Board affirmatively determined that all of the directors are independent, with the exception of Keith G. Myers and John L. Indest, each of whom is employed by the Company.

In finding all of its non-employee directors independent, the Board evaluated two relationships that did not constitute related party transactions and therefore do not require disclosure pursuant to Regulation S-K Item 404(a). In considering whether Dan S. Wilford qualifies as an independent director, the Board reviewed the Company's employment agreement with Ned B. Wilford, the brother of Dan Wilford. The Board concluded that the employment agreement did not disqualify Dan Wilford as an independent director. Secondly, in considering whether Senator John B. Breaux qualifies as an independent director, the Board reviewed the Company's relationship with The Breaux-Lott Leadership Group, which provides consulting services to the Company, and of which Senator Breaux is a partner. The Board concluded that the relationship did not disqualify Senator Breaux as an independent director.

Board Leadership Structure; Succession Planning

The Board currently combines the role of Chairman of the Board with the role of Chief Executive Officer. The Board has also established a Lead Director position held by an independent director to further strengthen the governance structure. The Board believes this structure provides an efficient and effective leadership model for the company. Combining the Chairman and CEO roles fosters clear accountability, effective decision-making, and alignment on corporate strategy, while appointing a Lead Director ensures that an independent director serves in a Board leadership position, allowing the independent directors to effectively oversee Company management and key issues related to strategy, risk and integrity. To further assure effective independent oversight, the Board has also adopted a number of governance practices, including:

- executive sessions of the independent directors after every Board meeting; and
- annual performance evaluations of the Chairman and CEO by the independent directors.

W.J. "Billy" Tauzin was appointed the Lead Director of the Company in January 2005. The Lead Director's duties include preparing and reviewing agendas and minutes of committee meetings and pertinent Board issues, presiding as Chair of the Nominating and Corporate Governance Committee, and presiding at regularly scheduled executive sessions of the Board and other meetings of the independent, non-employee directors.

The Board recognizes that no single leadership model is right for all companies and that depending on the circumstances, other leadership models, such as a separate independent Chairman of the Board, might be appropriate. Accordingly, the Board periodically reviews its leadership structure.

A key responsibility of the CEO and the Board is ensuring that an effective process is in place to provide continuity of leadership over the long term at all levels in the Company. Each year, succession-planning reviews are held at every significant organizational level of the company. During this review, the CEO and the Nominating and Corporate Governance Committee discuss future candidates for senior leadership positions, succession timing for those positions, and development plans for the highest-potential candidates. This process ensures continuity of leadership over the long term, and it forms the basis on which the Company makes ongoing leadership assignments. It is a key success factor in managing the long planning and investment lead times of our business.

In addition, the CEO maintains in place at all times, and reviews with the Nominating and Corporate Governance Committee, a confidential plan for the timely and efficient transfer of his responsibilities in the event of an emergency or his sudden incapacitation or departure.

Risk Oversight

The Company’s enterprise risk management is an overarching ongoing governance process for identifying, ranking, and managing the risks of our business. Top risks that have been identified through this process are managed by the executive team and assigned to the senior managers responsible for coordinating the monitoring, reporting, and risk mitigation activities associated with risks, which may be financial, operational or strategic in nature. Senior managers periodically provide detailed reports to the Board or committees of the Board. Accountability to a committee of the Board is based on the nature of the risk and the applicable responsibilities of the committee. For all other risks not applicable to a committee, accountability is with the Board. For example, financial risks are reviewed with the Audit Committee, governance related risks are reviewed by our Nominating and Corporate Governance Committee, while strategic risks are reviewed with the full Board.

Committees and Meetings of the Board of Directors

During the Company’s fiscal year ended December 31, 2009, the Board held five meetings and took additional action, from time to time, by unanimous written consent. Additionally, each director attended at least 86% of the aggregate number of meetings held in fiscal 2009 by the Board and its committees on which he or she served. The Board has established a policy encouraging all members of the Board to attend each annual meeting of the stockholders of the Company, particularly with respect to those directors who are up for election at any such annual meeting. Three members of the Board attended the 2009 Annual Meeting of Stockholders.

The Board has adopted a policy relating to executive sessions of the Board. Under this policy, no less frequently than semi-annually, the Board meets periodically in executive sessions in which independent directors meet separately from the non-independent directors and members of management. The independent members of the Board held three executive sessions during fiscal 2009.

The Board has established four committees: the Audit Committee, the Compensation Committee, the Nominating and Corporate Governance Committee and the Clinical Quality and Innovation Committee, each of which is briefly described below. The following table shows the current membership of these committees.

Director Nominee Evaluation Process

The Nominating and Corporate Governance Committee is responsible for seeking individuals qualified to become Board members, conducting appropriate inquiries into the backgrounds and qualifications of possible Board nominees and proposing nominees for Board membership to the Board for its approval. The Nominating and Corporate Governance Committee will consider candidates for Board membership suggested by its members and other Board members, as well as by management and stockholders.

The Governance and Nominating Committee seeks to ensure that the composition of the Board at all times reflects a variety of complementary experiences and backgrounds sufficient to provide sound and prudent guidance with respect to the operations and interests of the Company. The Nominating and Corporate Governance Committee will evaluate prospective nominees considering certain factors, including:

- the commitment of the prospective nominee to represent the long-term interests of the stockholders of the Company;
- the prospective nominee’s standards of character and integrity;
- the prospective nominee’s financial literacy;
- the prospective nominee’s ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee’s service on other public company boards;
- the prospective nominee’s independence and absence of any conflicts of interest that would interfere with his or her performance as a director; and
- the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board.

The Nominating and Corporate Governance Committee believes it is appropriate for at least one member of the Board to meet the criteria for an “audit committee financial expert”, as defined by Item 407(d)(5) of Regulation S-K, and that a majority of the members of the Board meet the definition of “independent director” under the NASDAQ Marketplace Rules. The Nominating and Corporate Governance Committee also believes it appropriate for certain members of the Company’s management to participate as members of the Board. Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and

Corporate Governance Committee may also consider such other factors as it deems are in the best interests of the Company and its stockholders, such as the current composition of the Board, the balance of management and independent directors and the need for specialized expertise.

Annually, the Corporate Governance and Nominating Committee reviews with the Board the appropriate experience, skills and characteristics expected of the Board members in the context of the current make-up of the Board. When we have an opening on the Board, we will always look at a diverse pool of candidates. In accordance with our Corporate Governance Guidelines, the assessment includes diversity, skills, such as an understanding of financial statements and financial reporting systems, an understanding of the healthcare industry, experience in operations, experience in governmental matters and experience in acquisitions. We view and define diversity in its broadest sense, which includes gender, ethnicity, education, experience and leadership qualities. If, as a result of the assessment, the Nominating and Corporate Governance Committee determines that adding or replacing a director is advisable, the Nominating and Corporate Governance Committee initiates a search for a suitable candidate to fulfil the Board's needs from a diverse pool of candidates.

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to the Company's business and who are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with that of the need for additional skills or experience from new Board members. If any member of the Board does not wish to continue in service, or if the Nominating and Corporate Governance Committee or the Board decides not to re-nominate a current Board member for re-election, the Nominating and Corporate Governance Committee identifies the desired skills and experience for a new nominee in light of the criteria for Board members described above. The Nominating and Corporate Governance Committee considers new candidates for the Board recommended by current members of the Board or members of management. In addition, the Nominating and Corporate Governance Committee may, to the extent it deems appropriate, retain a professional search firm and other advisors to identify potential nominees for director. The Nominating and Corporate Governance Committee also considers director candidates recommended by eligible stockholders. The criteria employed by the Nominating and Corporate Governance Committee in evaluating potential nominees does not differ based on whether the candidate is recommended by a stockholder of the Company.

A stockholder who wishes to recommend a prospective nominee for the Board to the Nominating and Corporate Governance Committee should submit a written notice by mail to the Nominating and Corporate Governance Committee, c/o the Secretary, LHC Group, Inc., 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503. Such a written recommendation must be received not less than 120 calendar days nor more than 150 calendar days before the first anniversary of the date of the Company's notice of annual meeting sent to stockholders in connection with the previous year's annual meeting.

Stockholder recommendations to the Nominating and Corporate Governance Committee should include, at a minimum:

- the candidate's name, age, business addresses, and other contact information;
- a complete description of the candidate's qualifications, experience, background and affiliations, as would be required to be disclosed in the proxy statement pursuant to Regulation 14A of the Exchange Act;
- a sworn or certified statement by the candidate in which he or she consents to being named in the proxy statement as a nominee and to serve as a director if elected; and
- the name and address of the stockholder(s) of record making such a recommendation.

Stockholders may also continue to make their own direct nominations to the Board, for election at an annual or special meeting of the stockholders, in accordance with the procedures set forth in the Company's bylaws

relating to stockholder nominations. For additional information about direct nominations by stockholders, see the section below entitled “Stockholder Proposals”. Neither the Secretary of the Company nor the Nominating and Corporate Governance Committee has received any nominations from any of the Company’s stockholders in connection with the 2010 Annual Meeting.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

In the paragraphs that follow, we will give an overview and analysis of our compensation program and policies, the material compensation decisions we have made under those programs and policies with respect to our top executive officers, and the material factors that we considered in making those decisions. Later in this proxy statement you will find a series of tables containing specific information about the compensation earned or paid in 2009 to the following individuals, whom we refer to as our named executive officers:

- Keith G. Myers, our president and chief executive officer;
- Peter J. Roman, our executive vice president, chief financial officer and treasurer;
- Donald D. Stelly, our executive vice president and chief operating officer;
- Peter C. November, our executive vice president, general counsel, and corporate secretary;
- Daryl J. Doise, our executive vice president and chief corporate development officer; and
- John L. Indest, our current special advisor to the chief executive officer and former president and chief operating officer.

The discussion below is intended to help you understand the detailed information provided in the series of tables and put that information into context within our overall compensation program.

Objectives of Our Compensation Program

We believe that each executive officer has the potential to affect both the short-term and long-term profitability of the Company. Therefore, we place considerable importance on creating and implementing our executive compensation program to properly compensate and incentivize our executive officers. Our executive compensation program emphasizes the creation of stockholder value by focusing on the overall performance of the Company and recognizing and rewarding each executive officer's contributions to the success of the Company.

Our compensation philosophy is to integrate our compensation program with corporate performance by linking a substantial portion of executive officer compensation to the achievement of financial goals that are critical to the success of the Company. Our objective is to have a compensation program that will allow us to attract, motivate, and retain qualified executives, and align the interests of our executive officers with the interests of stockholders. In order to further this objective, our compensation program is structured to incorporate certain key principles, which are reflected in various elements of our compensation program, as summarized below:

Compensation Principle

Our executives should be provided with total compensation opportunities at levels that are competitive for comparable positions at firms with whom we compete for talent.

A significant portion of executive compensation should be linked to the Company's achievement of performance goals in a way that proportionally rewards higher performance levels.

Our executive's interests should be closely aligned with those of our stockholders by making stock-based incentives a core element of our compensation program.

Element of Compensation Program that Reflects Principle

Based on review of competitive market data, total pay opportunities for our executives approximates the median level of compensation relative to our peer group.

Annual bonus awards and restricted stock awards that are earned based on company performance.

We grant annual equity awards to our executives in the form of restricted stock.

Role of the Compensation Committee

Our Compensation Committee assists our Board of Directors in discharging its responsibilities relating to compensation of our executive officers. The Compensation Committee reviews and approves all compensation that is payable to our executive officers. Each of the three members of our Compensation Committee is independent as that term is defined under the listing standards of NASDAQ and the director independence standards adopted by our Board. We believe that their independence from management allows the Compensation Committee members to provide objective consideration of various elements that could be included in an executive compensation program and apply independent judgment about which elements and designs best achieve our compensation objectives.

How We Determine and Assess Executive Compensation

We believe that the total compensation package available to our executives should be fair and competitive, should provide enhanced levels of financial reward based on higher levels of performance, and should be designed to recognize and reward both short and long term performance.

As described below, the Compensation Committee determines appropriate elements and levels of compensation for our named executive officers based upon input from our chief executive officer, market data provided by a third-party compensation consultant, analysis of market data and trends, and an analysis of internal pay-equity.

Role of Independent Compensation Consultants. To assist in evaluating our compensation practices, the Compensation Committee from time to time retains an independent compensation consultant to provide advice and ongoing recommendations regarding executive compensation practices that are consistent with our business goals and pay philosophy. In 2008, the Compensation Committee retained the executive compensation consulting services of Longnecker and Associates (“Longnecker”). Specifically, we instructed Longnecker to (i) review the total compensation package (base salary, annual cash incentives and long-term equity incentives) we pay to our named executive officers, (ii) assess the competitiveness and reasonableness of our compensation program as compared to a peer group of companies within the health care industry with similar revenue levels and market capitalization, and (iii) provide conclusions and recommendations for the current and future total compensation packages for our named executive officers. We believe that this input and advice produces more informed decision-making and assures that an objective perspective is considered in this important governance process. The results of the 2008 study were used to establish our 2009 executive compensation, based on industry and market standards within our peer group. The report confirmed our compensation program was reasonable and competitive within our industry peer group.

Market Data and Peer Group. The Compensation Committee reviews and analyzes market data to ensure that our executive officer compensation is competitive with the marketplace. We consider the compensation levels, programs and practices of other companies within our industry and of comparable size in terms of revenue and market capitalization to assist us in setting our executive compensation so that it is market competitive. We used the following peer group for these purposes: Amedisys, Inc., Almost Family, Inc., Genesis HealthCare Corporation; Gentiva Health Services; Odyssey HealthCare, Inc.; and VistaCare, Inc.

In 2009, we adjusted the compensation levels of our named executives after comparing to the above peer group. As our strategy changes and we leverage our capabilities into other markets, we intend to review the peer groups annually to assure that we have the appropriate marketplace focus. The Compensation Committee used the reported market data to understand competitive compensation, industry trends and best practices regarding executive compensation practices; however, in 2009, we did not set a specific benchmark with regard to competitive data. Instead, the Committee used the information provided by Longnecker to assess current industry and market compensation packages and the reasonableness of our compensation program compared to our peer group.

Role of Executive Officers. Our president and chief executive officer recommends to the Compensation Committee base salary, target bonus levels and long-term incentive awards for our executive officers. Our president and chief executive officer bases these recommendations on data and analysis regarding our peer group, information provided by our compensation consultant, and qualitative judgments regarding individual performance. Our president and chief executive officer is not present when the Compensation Committee discusses or determines any aspect of his pay.

Elements of Our Compensation Program

Our executive compensation program consists primarily of the following components: base salary, annual cash incentive awards (which are paid quarterly), and long-term equity incentive awards. In addition, we provide certain other benefits, such as perquisites, retirement benefits and severance benefits.

Base Salary

We provide base salaries to our executive officers as compensation for day-to-day responsibilities and sustained performance. Base salary provides our executive officers with an element of compensation that is not “at-risk.” We consider a combination of objective and subjective factors in determining the appropriate base salaries for our executive officers. Objective factors include salaries paid by companies in our peer group to officers in similar positions, base compensation paid to other Company executives, and factors relating to the performance of the Company, including net income, earnings per share, return on equity, and growth. Subjective factors relate to the performance of the individual executive officer, and include the following:

- the executive officer’s responsibilities,
- the scope of the position,
- experience and length of the executive officer’s service with the Company,
- individual efforts and performance within the Company, the industry and the community,
- team building skills consistent with the Company’s best interests, and
- observance of the Company’s ethics and compliance program.

While these subjective factors are integrated with the objective factors mentioned above, the overall assessment is primarily a subjective one, intended to reflect the level of responsibility and individual performance of the particular executive officer. With these objective and subjective factors in mind, Mr. Myers conducts an annual merit review of the executive officers, and based on this review, recommends base salaries to the Compensation Committee with respect to the named executive officers other than himself. The Compensation Committee determines the appropriate base salary for Mr. Myers after an annual performance review based on the same factors used to evaluate the other named executive officers.

Annual Cash Incentive Awards

The Compensation Committee believes that a significant portion of the total cash compensation for executive officers should be based on the Company's achievement of specific performance criteria, and that a significant part of the cash compensation package should be "at-risk." For 2009, the Compensation Committee approved an annual cash incentive bonus program pursuant to which the named executive officers were awarded an opportunity to earn target cash bonuses equal to 85% of base salary, in the case of Messer. Myers, 75% in the case of Mr. Indest, and 60% of base salary in the case of Messrs. Roman, Stelly and November, based on achievement of the company performance targets listed below, each of which we believe is critical to our long term success. The performance targets and the weight of each within the targeted bonus for each named executive officer are as follows:

Performance Target	Mr. Myers (% Weight)	Mr. Roman (% Weight)	Mr. Stelly (% Weight)	Mr. November (% Weight)	Mr. Doise (% Weight)	Mr. Indest (% Weight)
1. Company's achievement of Net Service Revenue for 2009 being greater than the Company's Board approved budget for 2009 (\$601.3 million)	10	10	20	10	40	10
2. Company's achievement of EPS for 2009 being greater than the Company's Board approved budget for 2009 (\$2.47)	10	20	20	10	20	10
3. Company's organic growth for 2009 being greater than the industry average as reported by Reuters	10	5	20	10	2	10
4. Company's quality scores improvement in 2009 being greater than the Company's improvement in 2008 as reported by Outcome Concepts Systems (OCS)	10	5	20	10	2	10
5. Company's patient satisfaction scores for 2009 being greater than the industry average as reported by Press Ganey	10	5	2	10	2	10
6. Company's employee satisfaction scores for 2009 being greater than the industry average as reported by Morehead & Associates	10	20	10	10	2	10
7. Company's employee turnover for 2009 being less than the industry average as reported by Morehead & Associates	10	5	2	10	2	10
8. Company's return on assets (ROA) for 2009 being greater than the industry average as reported by Reuters	10	10	2	10	10	10
9. Company's return on capital (ROC) for 2009 being greater than the industry average as reported by Reuters	10	10	2	10	10	10
10. Company's return on equity (ROE) for 2009 being greater than the industry average as reported by Reuters	10	10	2	10	10	10

In 2009, the Company achieved nine out of ten of its performance goals. The Company's net service revenue did not exceed the Board approved budgeted net service revenue. As a result, the named executive officers earned annual bonuses in the following amounts: Mr. Myers, \$324,329; Mr. Roman, \$155,625; Mr. Stelly, \$157,913; Mr. November, \$152,625; Mr. Doise \$93,750; and Mr. Indest, \$180,313.

Long-Term Equity Incentive Awards

The purpose of long-term equity incentives is to align our executive officers' performance incentives more closely with the interests of stockholders. We provide long-term equity incentive awards in the form of restricted stock awards. We believe that these awards have been and remain an excellent vehicle for providing financial incentives for management because they align the executives' interests with those of our stockholders and provide strong incentive for the creation of stockholder value. Time-based restricted stock also provides a strong retentive component to our compensation program.

Restricted Stock Awards Granted in 2009 Based on Fiscal Year 2008 Base Salary and Annual Cash Incentive. The Compensation Committee determined that the grant date value of the 2009 restricted stock awards would be equal to a percentage of the named executive officer's 2008 base salary, multiplied by the percentage of the annual cash incentive award actually earned in 2008. The actual number of restricted shares awarded to the named executive officers was determined by dividing this grant date value by the fair market value of our Common Stock on the date of grant. Due to the changing reimbursement environment in the home health industry in 2008, the Compensation Committee placed a higher weight on compensation provided by the long term incentive plan.

Messrs. Myers and Indest had the opportunity to earn restricted shares with a grant date value equal to 180% of the named executive officer's 2008 base salary, multiplied by the percentage of their 2008 annual cash incentive actually earned.

Messrs. Stelly and Doise had the opportunity to earn restricted shares with a grant date value equal to 125% of the named executive officer's 2008 base salary, multiplied by the percentage of their 2008 annual cash incentive actually earned.

Mr. Roman had the opportunity to earn restricted shares with a grant date value equal to 100% of his 2008 base salary, multiplied by the percentage of his 2008 annual cash incentive actually earned.

Mr. November had the opportunity to earn restricted shares with a grant date value equal to 100% of his 2008 base salary, multiplied by the percentage of his 2008 annual cash incentive actually earned. Since Mr. November joined the Company in August 2008, his opportunity was pro-rated for the period August—December 2008.

These awards are reflected in the 2009 Grants of Plan-Based Awards table in this year's proxy statement.

Restricted Stock Awards Granted in 2010 Based on Fiscal Year 2009 Base Salary and Annual Cash Incentive. The Compensation Committee determined that the grant date value of the 2010 restricted stock awards would be equal to a percentage of the named executive officer's base salary, multiplied by the percentage of the annual cash incentive award actually earned in 2009. The actual number of restricted shares awarded to the named executive officers was determined by dividing this grant date value by the fair market value of our Common Stock on the date of grant.

Mr. Myers had the opportunity to earn restricted shares with a grant date value equal to 150% of his 2009 base salary, multiplied by the percentage of his 2009 annual cash incentive actually earned.

Mr. Indest had the opportunity to earn restricted shares with a grant date value equal to 125% of his 2009 base salary, multiplied by the percentage of his 2009 annual cash incentive actually earned. Since Mr. Indest served as President and Chief Operating Officer through September 2009 his opportunity was pro-rated for the period from January 1, 2009 through September 2009.

Messrs. Stelly, Roman, November and Doise had the opportunity to earn restricted shares with a grant date value equal to 100% of the named executive officer's 2009 base salary, multiplied by the percentage of their 2009 annual cash incentive actually earned.

These awards will be reflected in the 2010 Grants of Plan-Based Awards table in next year's proxy statement.

Timing of Equity Grants. Since our initial public offering in 2005, we have made five regular grants of restricted stock to our executive officers. In each case, these awards were approved at a regularly scheduled meeting of our Compensation Committee during the first fiscal quarter of the year, after review and consideration of the Company's performance during the prior fiscal year and achievement of pre-established performance goals. We expect to continue this practice going forward, and we do not have any program, practice or policy of timing equity awards in connection with the release of material non-public information.

Employee Stock Purchase Plan. Executive officers may also participate in our Employee Stock Purchase Plan, which permits participants to purchase shares of our Common Stock at a 5% discount to the market price. Executive officers are entitled to participate in the Employee Stock Purchase Plan on the same terms as non-executive employees who meet the applicable eligibility criteria, subject to any legal limitations on the amounts that may be contributed or the benefits that may be payable under the Employee Stock Purchase Plan.

Perquisites

We provide our named executive officers with certain perquisites, including club memberships (which we believe facilitates community involvement by our executive officers). We believe the perquisites provided to our named executive officers are reasonable and conservative in light of industry practices.

Retirement Benefits

Retirement benefits fulfill an important role within our overall executive compensation objective by providing a financial security component which promotes retention. We maintain a 401(k) plan, a tax-qualified defined contribution retirement plan, in which our named executive officers are eligible to participate, along with a substantial majority of our employees. Effective January 1, 2006, we implemented a discretionary match of up to 2% of employee contributions. We do not maintain any excess benefit plans, defined benefit or pension plans, or any deferred compensation plans.

Severance and Change in Control Arrangements

During 2009, we maintained employment agreements with each of our named executive officers that provide, among other things, that the executive will be entitled to receive certain severance benefits in the event of a termination of his employment, and the executive will be entitled to increased benefits in the event that a termination of his employment follows a change in control of the company. We believe these employment agreements are an important element of our executive officers' overall compensation package because they serve to ensure the continued focus and dedication of our executive officers notwithstanding any personal concerns they may have regarding their own continued employment, either prior to or following a change in control. The increased benefits that are payable in the event of a termination following a change in control are designed to attract and retain qualified executives who might not otherwise join or remain with our Company without financial protection in the event that they are forced out of the Company following a change in control. These

provisions are also intended to provide for continuity of management in the event of a change in control of our Company. We believe that our severance and change in control arrangements are comparable to those provided by the companies in our peer group and competitive within our industry.

The potential severance and change in control benefits payable under these agreements are more fully described under “Potential Payments upon Termination of Employment” later in this proxy statement.

Tax and Accounting Considerations

The accounting and tax treatment of compensation generally has not been a factor in determining the amounts of compensation for our executive officers. However, the Compensation Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost to us with the benefit/value to the executive.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for compensation over \$1 million paid to named executive officers unless certain conditions are met. The 2010 Incentive Plan that stockholders are being asked to approve at the Annual Meeting is intended to permit the Compensation Committee to design and designate awards granted under the plan as a qualified performance-based award in order to make the award fully deductible without regard to the \$1,000,000 deduction limit imposed by Code Section 162(m). It is the Compensation Committee’s intent to maximize deductibility of executive compensation while retaining some discretion needed to compensate executives in a manner commensurate with performance and the competitive landscape for executive talent. All compensation paid to our executive officers in 2009 was fully deductible by the Company.

- (1) Reflects the aggregate fair value of the restricted stock awards on the grant date. The grant date fair value of the stock awards is based on the fair market value of the underlying shares on the date of grant. The fair values of these awards were determined in accordance with Financial Accounting Standards Board Accounting Codification Topic 718.
- (2) Reflects annual cash incentive awards earned based on performance. For information regarding our annual cash incentive program, see the discussion in the Compensation Discussion and Analysis section of this Proxy Statement.
- (3) Reflects the incremental cost to the Company of Messrs. Myers and Indest's personal use of Company-owned aircraft. In 2007 and 2008 personal use of the plane was available to Messrs Myers and Indest. The incremental cost (hourly rate) of the Company-owned aircraft is calculated by dividing the total cost to operate the aircraft during each quarter of the fiscal year and dividing that by the number of hours used during the same period. Messrs. Myers' and Indest's Employment Agreements allow for 25 and 20 hours, respectively of personal plane usage. Messrs. Indest and Myers reimburse the Company for any usage exceeding the permitted hours. In 2009, the personal use of the plane was no longer included as part of the compensation package.
- (4) Reflects discretionary portion of annual cash incentive awards. The Compensation Committee approved discretionary bonuses in 2007 for Messrs. Myers and Indest in amounts of \$67,980 and \$61,800, respectively. However, Messrs. Myers and Indest each elected not to receive one-half of these approved amounts.

- (5) Reflects \$25,000 discretionary bonus awarded in connection with Mr. Roman’s promotion to chief financial officer in September 2007, and \$37,000 awarded pursuant to a discretionary quarterly bonus program available to non-executive employees.
- (6) Mr. November joined the Company and became an executive officer in August 2008.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The Employment Agreements of Messrs. Myers, Roman, Stelly, November, Doise and Indest, provide benefits to the executive in the event of the termination of his employment under certain conditions.

Termination for Cause; Resignation Without Good Reason

If an executive is terminated for cause or resigns without good reason (as such terms are defined in the agreements), the executive receives only the salary and vested benefits that have accrued through the date of termination. No other severance benefits are payable.

Termination Due to Disability, Death or Retirement

If an executive is terminated due to disability or death or the executive retires, the executive (or his estate) receives salary and vested benefits accrued through the date of termination, plus a pro-rata portion of the executive's annual bonus earned through the date of termination, based on target bonus for the portion of the year prior to termination. The executive's outstanding equity awards will vest and become immediately exercisable pursuant to the terms of our 2005 Incentive Plan.

Termination Without Cause; Resignation for Good Reason

If the executive is terminated without cause or resigns for good reason, then the executive will be entitled to accrued salary, vested benefits, and a pro-rata portion of his annual bonus earned through the date of termination. In addition, the executive will receive a severance payment equal to one times his annual base salary in effect as of the date of termination.

Termination Without Cause or by Executive for Good Reason Within 24 Months Following a Change of Control

If the executive is terminated without cause or resigns for good reason within two years following a change of control of the Company, then the executive will be entitled to accrued salary, vested benefits, and a pro-rata portion of his annual bonus earned through the date of termination. In addition, the executive will be entitled to:

- a severance payment equal to the product of 2.5 times the sum of (1) his base salary in effect as of the date of termination, and (2) the greater of the average of the annual bonuses earned by him for the two prior fiscal years, or his target bonus for the year in which the date of termination occurs;
- continuation of health and welfare benefits for the COBRA-eligible period; and
- all of the executive's outstanding equity awards shall become fully vested.

Gross Up

The employment agreements provide that if a payment to or for the benefit of the executive would be subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, then he will receive a full gross up of any excise tax imposed, including income and excise taxes on such gross-up amount, subject to a \$50,000 threshold benefit amount. It is the Board's intention to eliminate these tax gross-up payments in all future executive employment agreements.

Restrictive Covenants

Each of the Employment Agreements contains confidentiality, non-compete and non-solicitation covenants that apply during the executive's employment with the Company and for a two year period after the executive's termination of employment (or for a six month period if the executive's termination occurs within two years after a change in control).

Summary of Termination Payments and Benefits

The following table summarizes the value of the termination payments and benefits that our named executive officers would have received under their Employment Agreements if they had terminated employment on December 31, 2009 under the circumstances shown. The amounts shown in the table exclude distributions under our 401(k) retirement plan and any additional benefits that are generally available to all of our salaried employees.

- (1) Reflects a pro-rata payment of the executive's target annual bonus for 2009, based on the portion of the year elapsed prior to termination. For Mr. November, reflects a pro-rata payment of his annual bonus for 2009, based on actual performance and the portion of the year elapsed prior to termination.
- (2) Reflects a severance payment equal to the product of one times the executive's base salary in effect as of the date of termination, or 2.5 times, in the event of a change in control, the sum of (1) the executive's base salary in effect as of the date of termination, and (2) the greater of the average of the annual bonuses earned by the executive for the two fiscal years, or his target bonus for the year in which the date of termination occurs.
- (3) Reflects the cost of providing continued health and welfare benefits to the executive after his date of termination of employment. The Company will pay the excess of the COBRA cost of such coverage over the amount that the executive would have had to pay for such coverage if he had remained employed and paid the active employee rate. The Company's obligations to provide health and welfare benefits cease in the event the executive participates in another employer sponsored plan or when the COBRA benefit expires (18 months from qualifying event).
- (4) Represents the fair market value of restricted shares that would become fully vested upon termination (each based on closing market price of our Common Stock as of December 31, 2009 (\$33.61)).

- (5) Employment agreements with the named executive officers provide that the Company will reimburse the executive for any 280G excise taxes that are imposed on the executive and any income and excise taxes that are payable by the executive as a result of any reimbursement for 280G excise taxes, provided that the net after-tax benefit to the executive is at least \$50,000 as compared with the net after-tax proceeds to the executive of a “cut-back” to the extent necessary to avoid imposition of the 280G excise tax. The calculation of the estimated 280G gross-up payment is based upon a 280G excise tax rate of 20%, a 35% federal income tax rate, a 6% state income tax rate, and a 1.45% Medicare tax rate.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Exchange Act, the Company's directors, executive officers and any person beneficially owning more than 10% of our Common Stock are required to report their ownership of the Common Stock and any changes in that ownership to the SEC. These persons also are required by SEC regulations to furnish us with copies of all Section 16(a) reports they file. Specific due dates for these reports have been established, and the Company must report in this Proxy Statement any failure to make required filings on a timely basis for the fiscal year ended December 31, 2009. Based solely on a review of the Section 16(a) reports furnished to us and written representations from our directors and executive officers that no other reports were required for such persons, we believe that all reporting requirements were satisfied in fiscal 2009.

COMPENSATION COMMITTEE REPORT

This report is submitted by the Company's Compensation Committee at the direction of the Board. The Compensation Committee of the Board is responsible for reviewing and approving compensation for the Company's executive officers. The Compensation Committee operates pursuant to a charter, which has been approved and adopted by the Board. The Compensation Committee is composed of four non-employee directors who meet the independence requirements of NASDAQ. Because the Compensation Committee believes that each executive officer has the potential to affect the short-term and long-term profitability of the Company, the Compensation Committee places considerable importance on the task of creating and implementing the Company's executive compensation program.

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis contained in this Proxy Statement with management. Based on this review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009 and in its Proxy Statement for the 2010 annual meeting of stockholders.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the financial reporting process, including the systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the audited financial statements for the fiscal year ended December 31, 2009, including a discussion of the acceptability and quality of the accounting principles, the reasonableness of significant accounting judgments and the clarity of disclosures in the financial statements. In consultation with management, the Audit Committee also considered the Company's financial reporting processes and reviewed and assessed the adequacy of internal controls over financial reporting.

The Audit Committee discussed with KPMG, the Company's independent registered public accounting firm, the overall scope and plans for the audit. The Audit Committee has met with the independent auditors, with and without management present, to discuss the results of its observations of LHC Group's internal controls, and the overall quality of the Company's financial reporting.

The Audit Committee reviewed with KPMG, who are responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles, their judgments as to the acceptability and quality of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including those matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, as adopted by the Public Company Accounting Oversight Board ("PCAOB") in Rule 3200T. The Audit Committee also reviewed and discussed with management and KPMG, management's report and KPMG's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act.

In addition, the Audit Committee has received the written disclosures from the independent auditors required by applicable requirements of the PCAOB regarding the independent auditor's communications with the Audit Committee concerning independence and has discussed those disclosures with the auditors. In addition, the Audit Committee discussed with KPMG their independence from management and the Company. The Audit Committee also considered whether KPMG's provision, during fiscal 2009, of services that were unrelated to their audit of the Company's financial statements and to their reviews of the Company's interim financial statements during 2009 is compatible with maintaining KPMG's independence.

Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and the independent auditors. Based on the foregoing reviews and discussions with management and with the independent auditors referred to above, and the receipt of an unqualified opinion from KPMG dated March 15, 2010 regarding the audited financial statements of LHC Group for the fiscal year ended December 31, 2009, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2009 for filing with the Securities and Exchange Commission.

Submitted by the Audit Committee of the Company's Board of Directors.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Indemnification Agreements with Directors

We have adopted provisions in our Certificate of Incorporation that limit the liability of our directors for monetary damages for breach of their fiduciary duties, except for liability that cannot be eliminated under the Delaware General Corporation Law. Delaware law provides that directors of a corporation will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except liability for any of the following: (1) any breach of their duty of loyalty to the corporation or the stockholders; (2) acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law; (3) unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the Delaware General Corporation Law; or (4) any transaction from which the director derived an improper personal benefit. This limitation does not apply to liabilities arising under the federal securities laws and does not affect the availability of equitable remedies such as injunctive relief or rescission.

Our bylaws also provide that we will indemnify our directors and executive officers and we may indemnify our other officers and employees and other agents to the fullest extent permitted by law. Our bylaws also permit us to secure insurance on behalf of any officer, director, employee or other agent for any liability arising out of his or her actions in such capacity, regardless of whether our bylaws would permit indemnification. We have entered into separate indemnification agreements with our directors, in addition to the indemnification provided by our Certificate of Incorporation and bylaws. These agreements, among other things, provide for indemnification of our directors for expenses, judgments, fines and settlement amounts incurred by our directors in any action or proceeding arising out of his or her services as a director or at our request.

Company Policy

We believe that business decisions and actions taken by our officers, directors and employees should be based on the best interests of the Company, and must not be motivated by personal considerations or relationships. We attempt to analyze any transactions in which the Company participates and in which a related person may have a direct or indirect material interest, both due to the potential for a conflict of interest and to determine whether disclosure of the transaction is required under applicable SEC rules and regulations.

In April 2007, the Audit Committee adopted a written policy and set of procedures for reviewing transactions between the Company and related persons, including directors, nominees, executive officers, and any person known to be the beneficial owner of more than 5% of the Company's voting securities or any immediate family member of such person. The policy also covers any firm, corporation or other entity in which any such person is employed or is a partner or principal, or in which such persons has a 5% or greater beneficial ownership interest. Prior to entering into a transaction with a related person, notice must be given to the Secretary of the Company containing (i) the related person's relationship to the Company and interest in the transaction, (ii) the material facts of the transaction, (iii) the benefits to the Company of the transaction, (iv) the availability of any other sources of comparable products or services and (v) an assessment of whether the transaction is on terms comparable to those available to an unrelated third party. If the Company's Secretary and Chief Financial Officer determine that it is a related party transaction, the proposed transaction is submitted to the Audit Committee for its approval. The policy also provides for the quarterly review of related person transactions that have not previously been approved or ratified and any other such transactions that come to the attention of the Company's Chief Executive Officer, Chief Financial Officer, Controller or Secretary. If the transaction is pending or ongoing, it will be promptly submitted to the Audit Committee for approval. If the transaction is completed, it will be submitted to determine if ratification or rescission is appropriate.

GENERAL INFORMATION

Other Matters

The Board does not know of any other matters before the Annual Meeting other than those referred to in the accompanying Notice of Annual Meeting and this Proxy Statement. If any other matters properly come before the Annual Meeting or any adjournments or postponements, the persons named in the enclosed proxy card will have authority to vote all proxies with respect to such matters in accordance with their best judgment.

Deadlines for Receipt of Stockholder Proposals for 2011 Annual Meeting of Stockholders

If a stockholder wants to have a proposal formally considered at the 2011 annual meeting of stockholders and included in the Company's proxy statement for that meeting pursuant to SEC Rule 14a-8, the Company must receive the proposal, at its principal executive offices at 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503, in writing on or before December 31, 2010, and the proposal must comply with SEC rules; provided that if the date of the Company's 2011 annual meeting of stockholders is more than 30 days before or after June 10, 2011 (the anniversary date of the 2010 Annual Meeting of Stockholders), the deadline will be a reasonable time before the Company begins to print and send its proxy materials to stockholders.

In addition, if a stockholder desires to make a proposal or submit a director nomination for consideration at the 2011 annual meeting of stockholders other than pursuant to SEC Rule 14a-8, the stockholder must comply with the advance notice provisions and other requirements set forth in the Company's bylaws. Under the Company's bylaws, a stockholder must deliver written notice to the Company's Secretary (containing certain information specified in the bylaws about the stockholder and the proposed action) not less than 60 or more than 90 days prior to the first anniversary of the date on which the Company first mailed its proxy statement to stockholders in connection with the preceding year's annual meeting. With respect to the 2011 annual meeting of stockholders, notice must be received by the Secretary of the Company, at the Company's principal executive offices at 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503, no earlier than January 30, 2011 and no later than March 1, 2011. See the section entitled "Stockholder Proposals" earlier in this Proxy Statement for additional information about stockholder nominations. These requirements are separate from and in addition to the requirements of the SEC that a stockholder must meet in order to have a stockholder proposal included in the Company's proxy statement.

Counting of Votes

The matters that are specified in this Proxy Statement that are to be voted on at the Annual Meeting will be by ballot. An Inspector of Election will be appointed to, among other things, determine the number of shares outstanding, the shares represented at the Annual Meeting, the existence of a quorum and the authenticity, validity and effect of proxies, to receive votes of ballots, to hear and determine all challenges and questions in any way arising in connection with the right to vote, to count and tabulate all votes and to determine the results.

Delivery of Proxy Materials and Annual Reports

The delivery rules regarding proxy statements and annual reports may be satisfied by delivering a single copy of a proxy statement and annual report to an address shared by two or more stockholders. This method of delivery is referred to as "householding." Currently, the Company is not householding for registered

stockholders, but brokers, dealers, banks or other entities that hold Common Stock in street name for beneficial owners of Common Stock and that distribute proxy statements and annual reports they receive to beneficial owners may be householding. Such brokers, dealers, banks or other entities may deliver only one proxy statement and annual report to certain multiple stockholders who share an address, unless the Company or such other distributor has received contrary instructions from one or more of those stockholders. The Company undertakes to deliver promptly upon request a separate copy of the proxy statement and/or annual report to a stockholder at a shared address to which a single copy of these documents was delivered. Stockholders may notify the Company of their requests by calling the Company at (337) 233-1307 or by sending a written request addressed to the Company's Secretary at LHC Group, Inc., 420 West Pinhook Road, Suite A, Lafayette, Louisiana 70503. In addition, stockholders who hold Common Stock in street name who prefer to receive separate copies of the annual report or proxy statement, or who are receiving multiple copies of annual reports or proxy statements and who prefer to receive a single copy, either now or in the future, should contact their broker, dealer, bank or other record holder entity.

Request for Additional Copies

LHC GROUP, INC.
2010 LONG-TERM INCENTIVE PLAN

ARTICLE 1
PURPOSE

1.1. **GENERAL.** The purpose of the LHC Group, Inc. 2010 Long-Term Incentive Plan (the “Plan”) is to promote the success, and enhance the value, of LHC Group, Inc. (the “Company”), by linking the personal interests of employees, officers, directors and consultants of the Company or any Affiliate (as defined below) to those of Company stockholders and by providing such persons with an incentive for outstanding performance. The Plan is further intended to provide flexibility to the Company in its ability to motivate, attract, and retain the services of employees, officers, directors and consultants upon whose judgment, interest, and special effort the successful conduct of the Company’s operation is largely dependent. Accordingly, the Plan permits the grant of incentive awards from time to time to selected employees, officers, directors and consultants of the Company and its Affiliates.

ARTICLE 2
DEFINITIONS

2.1. **DEFINITIONS.** When a word or phrase appears in this Plan with the initial letter capitalized, and the word or phrase does not commence a sentence, the word or phrase shall generally be given the meaning ascribed to it in this Section or in Section 1.1 unless a clearly different meaning is required by the context. The following words and phrases shall have the following meanings:

Award Certificates may be in the form of individual award agreements or certificates or a program document describing the terms and provisions of an Award or series of Awards under the Plan. The Committee may provide for the use of electronic, internet or other non-paper Award Certificates, and the use of electronic, internet or other non-paper means for the acceptance thereof and actions thereunder by a Participant.

(d) “Beneficial Owner” shall have the meaning given such term in Rule 13d-3 of the General Rules and Regulations under the 1934 Act.

(e) “Board” means the Board of Directors of the Company.

(f) “Cause” as a reason for a Participant’s termination of employment shall have the meaning assigned such term in the employment agreement, if any, between such Participant and the Company or an Affiliate, provided, however that if there is no such employment agreement in which such term is defined, and unless otherwise defined in the applicable Award Certificate, “Cause” shall mean any of the following acts by the Participant, as determined by the Board: gross neglect of duty, prolonged absence from duty without the consent of the Company, intentionally engaging in any activity that is in conflict with or adverse to the business or other interests of the Company, or willful misconduct, misfeasance or malfeasance of duty which is reasonably determined to be detrimental to the Company. With respect to a Participant’s termination of directorship, “Cause” means an act or failure to act that constitutes cause for removal of a director under applicable Delaware law. The determination of the Committee as to the existence of “Cause” shall be conclusive on the Participant and the Company.

(g) “Change of Control” means and includes the occurrence of any one of the following events:

Except for SARs granted to Participants outside the United States, no SAR shall be exercisable for more than ten years from the Grant Date.

An Award of Restricted Stock, Restricted Stock Units or Deferred Stock Units shall be evidenced by an Award Certificate setting forth the terms, conditions, and restrictions applicable to the Award.

9.2. ISSUANCE AND RESTRICTIONS. Restricted Stock, Restricted Stock Units or Deferred Stock Units shall be subject to such restrictions on transferability and other restrictions as the Committee may impose (including, for example, limitations on the right to vote Restricted Stock or the right to receive dividends on the Restricted Stock). These restrictions may lapse separately or in combination at such times, under such circumstances, in such installments, upon the satisfaction of performance goals or otherwise, as the Committee determines at the time of the grant of the Award or thereafter. Except as otherwise provided in an Award Certificate or any special Plan document governing an Award, a Participant shall have none of the rights of a stockholder with respect to Restricted Stock Units or Deferred Stock Units until such time as Shares of Stock are paid in settlement of such Awards.

9.3. DIVIDENDS ON RESTRICTED STOCK. In the case of Restricted Stock, the Committee may provide that ordinary cash dividends declared on the Shares before they are vested (i) will be forfeited, (ii) will be deemed to have been reinvested in additional Shares or otherwise reinvested (subject to Share availability under Section 5.1 hereof), or (iii) in the case of Restricted Stock that is not subject to performance-based vesting, will be paid or distributed to the Participant as accrued (in which case, such dividends must be paid or distributed no later than the 15th day of the 3rd month following the later of (A) the calendar year in which the corresponding dividends were paid to stockholders, or (B) the first calendar year in which the Participant's right to such dividends is no longer subject to a substantial risk of forfeiture). Unless otherwise provided by the Committee, dividends accrued on Shares of Restricted Stock before they are vested shall, as provided in the Award Certificate, either (i) be reinvested in the form of additional Shares, which shall be subject to the same vesting provisions as provided for the host Award, or (ii) be credited by the Company to an account for the Participant and accumulated without interest until the date upon which the host Award becomes vested, and any dividends accrued with respect to forfeited Restricted Stock will be reconveyed to the Company without further consideration or any act or action by the Participant.

9.4. FORFEITURE. Subject to the terms of the Award Certificate and except as otherwise determined by the Committee at the time of the grant of the Award or thereafter, upon termination of Continuous Service during the applicable restriction period or upon failure to satisfy a performance goal during the applicable restriction period, Restricted Stock or Restricted Stock Units that are at that time subject to restrictions shall be forfeited.

9.5. DELIVERY OF RESTRICTED STOCK. Shares of Restricted Stock shall be delivered to the Participant at the Grant Date either by book-entry registration or by delivering to the Participant, or a custodian or escrow agent (including, without limitation, the Company or one or more of its employees) designated by the Committee, a stock certificate or certificates registered in the name of the Participant. If physical certificates representing shares of Restricted Stock are registered in the name of the Participant, such certificates must bear an appropriate legend referring to the terms, conditions, and restrictions applicable to such Restricted Stock.

ARTICLE 10 PERFORMANCE AWARDS

10.1. GRANT OF PERFORMANCE AWARDS. The Committee is authorized to grant any Award under this Plan, including cash-based Awards, with performance-based vesting criteria, on such terms and conditions as may be selected by the Committee. Any such Awards with performance-based vesting criteria are referred to herein as Performance Awards. The Committee shall have the complete discretion to determine the number of Performance Awards granted to each Participant, subject to Section 5.4, and to designate the provisions of such Performance Awards as provided in Section 4.3. All Performance Awards shall be evidenced by an Award Certificate or a written program established by the Committee, pursuant to which Performance Awards are awarded under the Plan under uniform terms, conditions and restrictions set forth in such written program.

10.2. PERFORMANCE GOALS. The Committee may establish performance goals for Performance Awards which may be based on any criteria selected by the Committee. Such performance goals may be described in terms of Company-wide objectives or in terms of objectives that relate to the performance of the Participant, an Affiliate or a division, region, department or function within the Company or an Affiliate. If the Committee determines that a change in the business, operations, corporate structure or capital structure of the Company or the manner in which the Company or an Affiliate conducts its business, or other events or circumstances render performance goals to be unsuitable, the Committee may modify such performance goals in whole or in part, as the Committee deems appropriate. If a Participant is promoted, demoted or transferred to a different business unit or function during a performance period, the Committee may determine that the performance goals or performance period are no longer appropriate and may (i) adjust, change or eliminate the performance goals or the applicable performance period as it deems appropriate to make such goals and period comparable to the initial goals and period, or (ii) make a cash payment to the participant in an amount determined by the Committee. The foregoing two sentences shall not apply with respect to a Performance Award that is intended to be a Qualified Performance-Based Award if the recipient of such award (a) was a Covered Employee on the date of the modification, adjustment, change or elimination of the performance goals or performance period, or (b) in the reasonable judgment of the Committee, may be a Covered Employee on the date the Performance Award is expected to be paid.

ARTICLE 11 QUALIFIED PERFORMANCE-BASED AWARDS

11.1. OPTIONS AND STOCK APPRECIATION RIGHTS. The provisions of the Plan are intended to ensure that all Options and Stock Appreciation Rights granted hereunder to any Covered Employee shall qualify for the Section 162(m) Exemption.

11.2. OTHER AWARDS. When granting any other Award, the Committee may designate such Award as a Qualified Performance-Based Award, based upon a determination that the recipient is or may be a Covered Employee with respect to such Award, and the Committee wishes such Award to qualify for the Section 162(m) Exemption. If an Award is so designated, the Committee shall establish performance goals for such Award within the time period prescribed by Section 162(m) of the Code based on one or more of the following Qualified Business Criteria, which may be expressed in terms of Company-wide objectives or in terms of objectives that relate to the performance of an Affiliate or a division, region, department or function within the Company or an Affiliate:

- Revenue
- Sales
- Profit (net profit, gross profit, operating profit, economic profit, profit margins or other corporate profit measures)

- Earnings (EBIT, EBITDA, earnings per share, or other corporate earnings measures)
- Net income (before or after taxes, operating income or other income measures)
- Cash (cash flow, cash generation or other cash measures)
- Stock price or performance
- Total stockholder return (stock price appreciation plus reinvested dividends divided by beginning share price)
- Economic value added
- Return measures (including, but not limited to, return on assets, capital, equity, investments or sales, and cash flow return on assets, capital, equity, or sales);
- Market share
- Improvements in capital structure
- Expenses (expense management, expense ratio, expense efficiency ratios or other expense measures)
- Business expansion or consolidation (acquisitions and divestitures)
- Internal rate of return or increase in net present value
- Working capital targets relating to inventory and/or accounts receivable
- Safety standards
- Productivity measures
- Cost reduction measures
- Strategic plan development and implementation

Performance goals with respect to the foregoing Qualified Business Criteria may be specified in absolute terms, in percentages, or in terms of growth from period to period or growth rates over time, as well as measured relative to the performance of a group of comparator companies, or a published or special index, or a stock market index, that the Committee deems appropriate. Any member of a comparator group or an index that ceases to exist during a measurement period shall be disregarded for the entire measurement period. Performance Goals need not be based upon an increase or positive result under a business criterion and could include, for example, the maintenance of the status quo or the limitation of economic losses (measured, in each case, by reference to a specific business criterion).

11.3. PERFORMANCE GOALS. Each Qualified Performance-Based Award (other than a market-priced Option or SAR) shall be earned, vested and payable (as applicable) only upon the achievement of performance goals established by the Committee based upon one or more of the Qualified Business Criteria, together with the satisfaction of any other conditions, such as continued employment, as the Committee may determine to be appropriate; provided, however, that the Committee may provide, either in connection with the grant thereof or by amendment thereafter, that achievement of such performance goals will be waived, in whole or in part, upon (i) the termination of employment of a Participant by reason of death or Disability, or (ii) the occurrence of a Change of Control. Performance periods established by the Committee for any such Qualified Performance-Based Award may be as short as three months and may be any longer period. In addition, the Committee has the right, in connection with the grant of a Qualified Performance-Based Award, to exercise negative discretion to determine that the portion of such Award actually earned, vested and/or payable (as applicable) shall be less than the portion that would be earned, vested and/or payable based solely upon application of the applicable performance goals.

11.4. INCLUSIONS AND EXCLUSIONS FROM PERFORMANCE CRITERIA. The Committee may provide in any Qualified Performance-Based Award, at the time the performance goals are established, that any evaluation of performance shall exclude or otherwise objectively adjust for any specified circumstance or event

that occurs during a performance period, including by way of example but without limitation the following: (a) asset write-downs or impairment charges; (b) litigation or claim judgments or settlements; (c) the effect of changes in tax laws, accounting principles or other laws or provisions affecting reported results; (d) accruals for reorganization and restructuring programs; (e) extraordinary nonrecurring items as described in then-current accounting principles; (f) extraordinary nonrecurring items as described in management's discussion and analysis of financial condition and results of operations appearing in the Company's annual report to stockholders for the applicable year; (g) acquisitions or divestitures; and (h) foreign exchange gains and losses. To the extent such inclusions or exclusions affect Awards to Covered Employees, they shall be prescribed in a form that meets the requirements of Code Section 162(m) for deductibility.

11.5. CERTIFICATION OF PERFORMANCE GOALS. Any payment of a Qualified Performance-Based Award granted with performance goals pursuant to Section 11.3 above shall be conditioned on the written certification of the Committee in each case that the performance goals and any other material conditions were satisfied. Except as specifically provided in Section 11.3, no Qualified Performance-Based Award held by a Covered Employee or by an employee who in the reasonable judgment of the Committee may be a Covered Employee on the date of payment, may be amended, nor may the Committee exercise any discretionary authority it may otherwise have under the Plan with respect to a Qualified Performance-Based Award under the Plan, in any manner to waive the achievement of the applicable performance goal based on Qualified Business Criteria or to increase the amount payable pursuant thereto or the value thereof, or otherwise in a manner that would cause the Qualified Performance-Based Award to cease to qualify for the Section 162(m) Exemption.

11.6. AWARD LIMITS. Section 5.4 sets forth (i) the maximum number of Shares that may be granted in any 12-month period to a Participant in designated forms of stock-based Awards, and (ii) the maximum aggregate dollar amount that may be paid with respect to cash-based Awards under the Plan to any one Participant in any fiscal year of the Company.

ARTICLE 12 DIVIDEND EQUIVALENTS

12.1. GRANT OF DIVIDEND EQUIVALENTS. The Committee is authorized to grant Dividend Equivalents with respect to Full-Value Awards granted hereunder, subject to such terms and conditions as may be selected by the Committee. Dividend Equivalents shall entitle the Participant to receive payments equal to ordinary cash dividends or distributions with respect to all or a portion of the number of Shares subject to a Full-Value Award, as determined by the Committee. The Committee may provide that Dividend Equivalents (i) will be deemed to have been reinvested in additional Shares or otherwise reinvested, or (ii) except in the case of Performance Awards, will be paid or distributed to the Participant as accrued (in which case, such Dividend Equivalents must be paid or distributed no later than the 15th day of the 3rd month following the later of (A) the calendar year in which the corresponding dividends were paid to stockholders, or (B) the first calendar year in which the Participant's right to such Dividends Equivalents is no longer subject to a substantial risk of forfeiture). Unless otherwise provided by the Committee, Dividend Equivalents accruing on unvested Full-Value Awards shall, as provided in the Award Certificate, either (i) be reinvested in the form of additional Shares, which shall be subject to the same vesting provisions as provided for the host Award, or (ii) be credited by the Company to an account for the Participant and accumulated without interest until the date upon which the host Award becomes vested, and any Dividend Equivalents accrued with respect to forfeited Awards will be reconveyed to the Company without further consideration or any act or action by the Participant.

ARTICLE 13
STOCK OR OTHER STOCK-BASED AWARDS

13.1. GRANT OF STOCK OR OTHER STOCK-BASED AWARDS. The Committee is authorized, subject to limitations under applicable law, to grant to Participants such other Awards that are payable in, valued in whole or in part by reference to, or otherwise based on or related to Shares, as deemed by the Committee to be consistent with the purposes of the Plan, including without limitation (but subject to the last sentence of Section 5.5) Shares awarded purely as a “bonus” and not subject to any restrictions or conditions, convertible or exchangeable debt securities, other rights convertible or exchangeable into Shares, and Awards valued by reference to book value of Shares or the value of securities of or the performance of specified Parents or Subsidiaries. The Committee shall determine the terms and conditions of such Awards.

ARTICLE 14
PROVISIONS APPLICABLE TO AWARDS

14.1. AWARD CERTIFICATES. Each Award shall be evidenced by an Award Certificate. Each Award Certificate shall include such provisions, not inconsistent with the Plan, as may be specified by the Committee.

14.2. FORM OF PAYMENT FOR AWARDS. At the discretion of the Committee, payment of Awards may be made in cash, Stock, a combination of cash and Stock, or any other form of property as the Committee shall determine. In addition, payment of Awards may include such terms, conditions, restrictions and/or limitations, if any, as the Committee deems appropriate, including, in the case of Awards paid in the form of Stock, restrictions on transfer and forfeiture provisions. Further, payment of Awards may be made in the form of a lump sum, or in installments, as determined by the Committee.

14.3. LIMITS ON TRANSFER. No right or interest of a Participant in any unexercised or restricted Award may be pledged, encumbered, or hypothecated to or in favor of any party other than the Company or an Affiliate, or shall be subject to any lien, obligation, or liability of such Participant to any other party other than the Company or an Affiliate. No unexercised or restricted Award shall be assignable or transferable by a Participant other than by will or the laws of descent and distribution or, except in the case of an Incentive Stock Option, pursuant to a domestic relations order that would satisfy Section 414(p)(1)(A) of the Code if such Section applied to an Award under the Plan; provided, however, that the Committee may (but need not) permit other transfers (other than transfers for value) where the Committee concludes that such transferability (i) does not result in accelerated taxation, (ii) does not cause any Option intended to be an Incentive Stock Option to fail to be described in Code Section 422(b), and (iii) is otherwise appropriate and desirable, taking into account any factors deemed relevant, including without limitation, state or federal tax or securities laws applicable to transferable Awards.

14.4. BENEFICIARIES. Notwithstanding Section 14.3, a Participant may, in the manner determined by the Committee, designate a beneficiary to exercise the rights of the Participant and to receive any distribution with respect to any Award upon the Participant’s death. A beneficiary, legal guardian, legal representative, or other person claiming any rights under the Plan is subject to all terms and conditions of the Plan and any Award Certificate applicable to the Participant, except to the extent the Plan and Award Certificate otherwise provide, and to any additional restrictions deemed necessary or appropriate by the Committee. If no beneficiary has been designated or survives the Participant, any payment due to the Participant shall be made to the Participant’s estate. Subject to the foregoing, a beneficiary designation may be changed or revoked by a Participant, in the manner provided by the Company, at any time provided the change or revocation is filed with the Committee.

14.5. STOCK TRADING RESTRICTIONS. All Stock issuable under the Plan is subject to any stop-transfer orders and other restrictions as the Committee deems necessary or advisable to comply with federal or state securities laws, rules and regulations and the rules of any national securities exchange or automated quotation

system on which the Stock is listed, quoted, or traded. The Committee may place legends on any Stock certificate or issue instructions to the transfer agent to reference restrictions applicable to the Stock.

14.6. ACCELERATION UPON DEATH, DISABILITY OR RETIREMENT. Except as otherwise provided in the Award Certificate or any special Plan document governing an Award, upon the termination of a person's Continuous Service by reason of death or Disability, or upon the Participant's Retirement:

- (i) all of that Participant's outstanding Options and SARs shall become fully exercisable;
- (ii) all time-based vesting restrictions on that Participant's outstanding Awards shall lapse as of the date of termination; and
- (iii) the payout opportunities attainable under all of that Participant's outstanding performance-based Awards shall be deemed to have been fully earned at the greater of "target" or actual performance as of the date of such termination.

To the extent that this provision causes Incentive Stock Options to exceed the dollar limitation set forth in Code Section 422(d), the excess Options shall be deemed to be Nonstatutory Stock Options.

14.7. ACCELERATION UPON CERTAIN TERMINATIONS FOLLOWING A CHANGE OF CONTROL. Except as otherwise provided in the Award Certificate or any special Plan document governing an Award, if a Participant's employment is terminated without Cause or the Participant resigns for Good Reason within two years after the effective date of a Change of Control, then (i) all of that Participant's outstanding Options, SARs and other Awards in the nature of rights that may be exercised shall become fully exercisable, (ii) all time-based vesting restrictions on the his or her outstanding Awards shall lapse, and (iii) the target payout opportunities attainable under all outstanding of that Participant's performance-based Awards shall be deemed to have been fully earned at the greater of "target" or actual performance as of the date of such termination.

14.8. FORFEITURE EVENTS. The Committee may specify in an Award Certificate that the Participant's rights, payments and benefits with respect to an Award shall be subject to reduction, cancellation, forfeiture or recoupment upon the occurrence of certain specified events, in addition to any otherwise applicable vesting or performance conditions of an Award. Such events may include, but shall not be limited to, (i) termination of employment for cause, (ii) violation of material Company or Affiliate policies, (iii) breach of noncompetition, confidentiality or other restrictive covenants that may apply to the Participant, (iv) other conduct by the Participant that is detrimental to the business or reputation of the Company or any Affiliate, or (v) a later determination that the vesting of, or amount realized from, a Performance Award was based on materially inaccurate financial statements or any other materially inaccurate performance metric criteria, whether or not the Participant caused or contributed to such material inaccuracy.

14.9. SUBSTITUTE AWARDS. The Committee may grant Awards under the Plan in substitution for stock and stock-based awards held by employees of another entity who become employees of the Company or an Affiliate as a result of a merger or consolidation of the former employing entity with the Company or an Affiliate or the acquisition by the Company or an Affiliate of property or stock of the former employing corporation. The Committee may direct that the substitute awards be granted on such terms and conditions as the Committee considers appropriate in the circumstances.

ARTICLE 15 CHANGES IN CAPITAL STRUCTURE

15.1. MANDATORY ADJUSTMENTS. In the event of a nonreciprocal transaction between the Company and its stockholders that causes the per-share value of the Stock to change (including, without limitation, any stock dividend, stock split, spin-off, rights offering, or large nonrecurring cash dividend), the authorization limits under Section 5.1 and 5.4 shall be adjusted proportionately, and the Committee shall make such adjustments to

the Plan and Awards as it deems necessary, in its sole discretion, to prevent dilution or enlargement of rights immediately resulting from such transaction. Action by the Committee may include: (i) adjustment of the number and kind of shares that may be delivered under the Plan; (ii) adjustment of the number and kind of shares subject to outstanding Awards; (iii) adjustment of the exercise price of outstanding Awards or the measure to be used to determine the amount of the benefit payable on an Award; and (iv) any other adjustments that the Committee determines to be equitable. Notwithstanding the foregoing, the Committee shall not make any adjustments to outstanding Options or SARs that would constitute a modification or substitution of the stock right under Treas. Reg. Sections 1.409A-1(b)(5)(v) that would be treated as the grant of a new stock right or change in the form of payment for purposes of Code Section 409A. Without limiting the foregoing, in the event of a subdivision of the outstanding Stock (stock-split), a declaration of a dividend payable in Shares, or a combination or consolidation of the outstanding Stock into a lesser number of Shares, the authorization limits under Section 5.1 and 5.4 shall automatically be adjusted proportionately, and the Shares then subject to each Award shall automatically, without the necessity for any additional action by the Committee, be adjusted proportionately without any change in the aggregate purchase price therefor.

15.2 DISCRETIONARY ADJUSTMENTS. Upon the occurrence or in anticipation of any corporate event or transaction involving the Company (including, without limitation, any merger, reorganization, recapitalization, combination or exchange of shares, or any transaction described in Section 15.1), the Committee may, in its sole discretion, provide (i) that Awards will be settled in cash rather than Stock, (ii) that Awards will become immediately vested and non-forfeitable and exercisable (in whole or in part) and will expire after a designated period of time to the extent not then exercised, (iii) that Awards will be assumed by another party to a transaction or otherwise be equitably converted or substituted in connection with such transaction, (iv) that outstanding Awards may be settled by payment in cash or cash equivalents equal to the excess of the Fair Market Value of the underlying Stock, as of a specified date associated with the transaction, over the exercise or base price of the Award, (v) that performance targets and performance periods for Performance Awards will be modified, consistent with Code Section 162(m) where applicable, or (vi) any combination of the foregoing. The Committee's determination need not be uniform and may be different for different Participants whether or not such Participants are similarly situated.

15.3 GENERAL. Any discretionary adjustments made pursuant to this Article 15 shall be subject to the provisions of Section 16.2. To the extent that any adjustments made pursuant to this Article 15 cause Incentive Stock Options to cease to qualify as Incentive Stock Options, such Options shall be deemed to be Nonstatutory Stock Options.

ARTICLE 16 AMENDMENT, MODIFICATION AND TERMINATION

16.1. AMENDMENT, MODIFICATION AND TERMINATION. The Board or the Committee may, at any time and from time to time, amend, modify or terminate the Plan without stockholder approval; provided, however, that if an amendment to the Plan would, in the reasonable opinion of the Board or the Committee, either (i) materially increase the benefits accruing to Participants under the Plan, (ii) materially increase the number of Shares available under the Plan, (iii) expand the types of awards under the Plan, (iv) materially expand the class of participants eligible to participate in the Plan, (v) materially extend the term of the Plan, or (vi) otherwise constitute a material change requiring stockholder approval under applicable laws, policies or regulations or the applicable listing or other requirements of an Exchange, then such amendment shall be subject to stockholder approval; and provided, further, that the Board or Committee may condition any other amendment or modification on the approval of stockholders of the Company for any reason, including by reason of such approval being necessary or deemed advisable (i) to comply with the listing or other requirements of an Exchange, or (ii) to satisfy any other tax, securities or other applicable laws, policies or regulations.

16.2. AWARDS PREVIOUSLY GRANTED. At any time and from time to time, the Committee may amend, modify or terminate any outstanding Award without approval of the Participant; provided, however:

(a) Subject to the terms of the applicable Award Certificate, such amendment, modification or termination shall not, without the Participant's consent, reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment or termination (with the per-share value of an Option or SAR for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment or termination over the exercise or base price of such Award);

(b) The original term of an Option or SAR may not be extended without the prior approval of the stockholders of the Company;

(c) Except as otherwise provided in Section 15.1, the exercise price of an Option or base price of a SAR may not be reduced, directly or indirectly, without the prior approval of the stockholders of the Company; and

(d) No termination, amendment, or modification of the Plan shall adversely affect any Award previously granted under the Plan, without the written consent of the Participant affected thereby. An outstanding Award shall not be deemed to be "adversely affected" by a Plan amendment if such amendment would not reduce or diminish the value of such Award determined as if the Award had been exercised, vested, cashed in or otherwise settled on the date of such amendment (with the per-share value of an Option or SAR for this purpose being calculated as the excess, if any, of the Fair Market Value as of the date of such amendment over the exercise or base price of such Award).

16.3. COMPLIANCE AMENDMENTS. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, the Board may amend the Plan or an Award Certificate, to take effect retroactively or otherwise, as deemed necessary or advisable for the purpose of conforming the Plan or Award Certificate to any present or future law relating to plans of this or similar nature (including, but not limited to, Section 409A of the Code), and to the administrative regulations and rulings promulgated thereunder. By accepting an Award under this Plan, a Participant agrees to any amendment made pursuant to this Section 16.3 to any Award granted under the Plan without further consideration or action.

ARTICLE 17 GENERAL PROVISIONS

17.1. RIGHTS OF PARTICIPANTS.

(a) No Participant or any Eligible Participant shall have any claim to be granted any Award under the Plan. Neither the Company, its Affiliates nor the Committee is obligated to treat Participants or Eligible Participants uniformly, and determinations made under the Plan may be made by the Committee selectively among Eligible Participants who receive, or are eligible to receive, Awards (whether or not such Eligible Participants are similarly situated).

(b) Nothing in the Plan, any Award Certificate or any other document or statement made with respect to the Plan, shall interfere with or limit in any way the right of the Company or any Affiliate to terminate any Participant's employment or status as an officer, or any Participant's service as a director, at any time, nor confer upon any Participant any right to continue as an employee, officer, or director of the Company or any Affiliate, whether for the duration of a Participant's Award or otherwise.

(c) Neither an Award nor any benefits arising under this Plan shall constitute an employment contract with the Company or any Affiliate and, accordingly, subject to Article 16, this Plan and the benefits hereunder may be terminated at any time in the sole and exclusive discretion of the Committee without giving rise to any liability on the part of the Company or any of its Affiliates.

(d) No Award gives a Participant any of the rights of a stockholder of the Company unless and until Shares are in fact issued to such person in connection with such Award.

17.2. WITHHOLDING. The Company or any Affiliate shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company or such Affiliate, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any exercise, lapse of restriction or other taxable event arising as a result of the Plan. The obligations of the Company under the Plan will be conditioned on such payment or arrangements and the Company or such Affiliate will, to the extent permitted by law, have the right to deduct any such taxes from any payment of any kind otherwise due to the Participant. Unless otherwise determined by the Committee at the time the Award is granted or thereafter, any such withholding requirement may be satisfied, in whole or in part, by withholding from the Award Shares having a Fair Market Value on the date of withholding equal to the minimum amount (and not any greater amount) required to be withheld for tax purposes, all in accordance with such procedures as the Committee establishes. All such elections shall be subject to any restrictions or limitations that the Committee, in its sole discretion, deems appropriate.

17.3. SPECIAL PROVISIONS RELATED TO SECTION 409A OF THE CODE.

(a) General. It is intended that the payments and benefits provided under the Plan and any Award shall either be exempt from the application of, or comply with, the requirements of Section 409A of the Code. The Plan and all Award Certificates shall be construed in a manner that effects such intent. Nevertheless, the tax treatment of the benefits provided under the Plan or any Award is not warranted or guaranteed. Neither the Company, its Affiliates nor their respective directors, officers, employees or advisers (other than in his or her capacity as a Participant) shall be held liable for any taxes, interest, penalties or other monetary amounts owed by any Participant or other taxpayer as a result of the Plan or any Award.

(b) Definitional Restrictions. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, to the extent that any amount or benefit that would constitute non-exempt "deferred compensation" for purposes of Section 409A of the Code would otherwise be payable or distributable, or a different form of payment (e.g., lump sum or installment) would be effected, under the Plan or any Award Certificate by reason of the occurrence of a Change of Control, or the Participant's Disability or separation from service, such amount or benefit will not be payable or distributable to the Participant, and/or such different form of payment will not be effected, by reason of such circumstance unless the circumstances giving rise to such Change of Control, Disability or separation from service meet any description or definition of "change in control event", "disability" or "separation from service", as the case may be, in Section 409A of the Code and applicable regulations (without giving effect to any elective provisions that may be available under such definition). This provision does not prohibit the *vesting* of any Award upon a Change of Control, Disability or separation from service, however defined. If this provision prevents the payment or distribution of any amount or benefit, or the application of a different form of payment of any amount or benefit, such payment or distribution shall be made at the time and in the form that would have applied absent the Change of Control, Disability or separation from service, as applicable, as applicable.

(c) Allocation among Possible Exemptions. If any one or more Awards granted under the Plan to a Participant could qualify for any separation pay exemption described in Treas. Reg. Section 1.409A-1(b)(9), but such Awards in the aggregate exceed the dollar limit permitted for the separation pay exemptions, the Company (acting through the Committee) shall determine which Awards or portions thereof will be subject to such exemptions.

(d) Six-Month Delay in Certain Circumstances. Notwithstanding anything in the Plan or in any Award Certificate to the contrary, if any amount or benefit that would constitute non-exempt "deferred compensation" for purposes of Section 409A of the Code would otherwise be payable or distributable under this Plan or any Award Certificate by reason of a Participant's separation from service during a period in which the Participant is a Specified Employee (as defined below), then, subject to any permissible acceleration of payment by the Committee under Treas. Reg. Section 1.409A-3(j)(4)(ii) (domestic relations order), (j)(4)(iii) (conflicts of interest), or (j)(4)(vi) (payment of employment taxes):

(i) the amount of such non-exempt deferred compensation that would otherwise be payable during the six-month period immediately following the Participant's separation from service will be accumulated

through and paid or provided on the first day of the seventh month following the Participant's separation from service (or, if the Participant dies during such period, within 30 days after the Participant's death) (in either case, the "Required Delay Period"); and

(ii) the normal payment or distribution schedule for any remaining payments or distributions will resume at the end of the Required Delay Period.

For purposes of this Plan, the term "Specified Employee" has the meaning given such term in Code Section 409A and the final regulations thereunder, *provided, however*, that, as permitted in such final regulations, the Company's Specified Employees and its application of the six-month delay rule of Code Section 409A(a)(2)(B)(i) shall be determined in accordance with rules adopted by the Board or any committee of the Board, which shall be applied consistently with respect to all nonqualified deferred compensation arrangements of the Company, including this Plan.

(e) Installment Payments. If, pursuant to an Award, a Participant is entitled to a series of installment payments, such Participant's right to the series of installment payments shall be treated as a right to a series of separate payments and not to a single payment. For purposes of the preceding sentence, the term "series of installment payments" has the meaning provided in Treas. Reg. Section 1.409A-2(b)(2)(iii) (or any successor thereto).

17.4. UNFUNDED STATUS OF AWARDS. The Plan is intended to be an "unfunded" plan for incentive and deferred compensation. With respect to any payments not yet made to a Participant pursuant to an Award, nothing contained in the Plan or any Award Certificate shall give the Participant any rights that are greater than those of a general creditor of the Company or any Affiliate. In its sole discretion, the Committee may authorize the creation of grantor trusts or other arrangements to meet the obligations created under the Plan to deliver Shares or payments in lieu of Shares or with respect to Awards. This Plan is not intended to be subject to ERISA.

17.5. RELATIONSHIP TO OTHER BENEFITS. No payment under the Plan shall be taken into account in determining any benefits under any pension, retirement, savings, profit sharing, group insurance, welfare or benefit plan of the Company or any Affiliate unless provided otherwise in such other plan. Nothing contained in the Plan will prevent the Company from adopting other or additional compensation arrangements, subject to stockholder approval if such approval is required; and such arrangements may be either generally applicable or applicable only in specific cases.

17.6. EXPENSES. The expenses of administering the Plan shall be borne by the Company and its Affiliates.

17.7. TITLES AND HEADINGS. The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.

17.8. GENDER AND NUMBER. Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

17.9. FRACTIONAL SHARES. No fractional Shares shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional Shares or whether such fractional Shares shall be eliminated by rounding up or down.

17.10. GOVERNMENT AND OTHER REGULATIONS.

(a) Notwithstanding any other provision of the Plan, no Participant who acquires Shares pursuant to the Plan may, during any period of time that such Participant is an affiliate of the Company (within the meaning of the rules and regulations of the Securities and Exchange Commission under the 1933 Act), sell such

Shares, unless such offer and sale is made (i) pursuant to an effective registration statement under the 1933 Act, which is current and includes the Shares to be sold, or (ii) pursuant to an appropriate exemption from the registration requirement of the 1933 Act, such as that set forth in Rule 144 promulgated under the 1933 Act.

(b) Notwithstanding any other provision of the Plan, if at any time the Committee shall determine that the registration, listing or qualification of the Shares covered by an Award upon any Exchange or under any foreign, federal, state or local law or practice, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such Award or the purchase or receipt of Shares thereunder, no Shares may be purchased, delivered or received pursuant to such Award unless and until such registration, listing, qualification, consent or approval shall have been effected or obtained free of any condition not acceptable to the Committee. Any Participant receiving or purchasing Shares pursuant to an Award shall make such representations and agreements and furnish such information as the Committee may request to assure compliance with the foregoing or any other applicable legal requirements. The Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to the Committee's determination that all related requirements have been fulfilled. The Company shall in no event be obligated to register any securities pursuant to the 1933 Act or applicable state or foreign law or to take any other action in order to cause the issuance and delivery of such certificates to comply with any such law, regulation or requirement.

17.11. GOVERNING LAW. To the extent not governed by federal law, the Plan and all Award Certificates shall be construed in accordance with and governed by the laws of the State of Delaware.

17.12. SEVERABILITY. In the event that any provision of this Plan is found to be invalid or otherwise unenforceable under any applicable law, such invalidity or unenforceability will not be construed as rendering any other provisions contained herein as invalid or unenforceable, and all such other provisions will be given full force and effect to the same extent as though the invalid or unenforceable provision was not contained herein.

17.13. NO LIMITATIONS ON RIGHTS OF COMPANY. The grant of any Award shall not in any way affect the right or power of the Company to make adjustments, reclassification or changes in its capital or business structure or to merge, consolidate, dissolve, liquidate, sell or transfer all or any part of its business or assets. The Plan shall not restrict the authority of the Company, for proper corporate purposes, to draft or assume awards, other than under the Plan, to or with respect to any person. If the Committee so directs, the Company may issue or transfer Shares to an Affiliate, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Affiliate will transfer such Shares to a Participant in accordance with the terms of an Award granted to such Participant and specified by the Committee pursuant to the provisions of the Plan.
