Company Overview - Highlights of 2018 Performance, The Almost Family Merger, and Executive Compensation

- We provide post-acute health care services to patients through our home health agencies, hospice agencies, home and community-based services agencies, facility-based services (primarily long-term acute hospitals), and healthcare innovations services ("HCI"). As of December 31, 2018, we operated 757 locations in 36 states within the continental United States. Our objective is to be the leading provider of in-home healthcare services in the United States, while also providing a complementary suite of other post-acute healthcare service offerings through our facility-based and HCI segments.
- Net service revenue increased 70.33% to \$1.8 billion for 2018 compared with \$1.1 billion for 2017.
- Net income grew 26.86% to \$63.5 million compared with \$50.1 million for 2017.
- We achieved the upper range of our earnings per share goal for 2018, resulting in above target payout to our executive officers under our annual incentive plan.
- On April 1, 2018, we completed a "merger of equals" business combination between us and Almost Family, Inc. ("Almost Family"). The merger created the second largest in-home healthcare provider in the country with an expanded geographic service territory of 36 states covering over 60 percent of the U.S. population aged 65 and over; the only national home health, hospice, and home and community based care provider with a long track record of successfully partnering with hospitals and health systems; and the highest quality provider, as measured by the Centers for Medicare and Medicaid Services star ratings.
- In connection with the Almost Family merger, we elected four former members of the Almost Family Board of Directors to serve on our Board of Directors, reclassified the directors' terms and reconstituted our Board of Director committee structure and membership.
- Grants of long-term equity incentives to our executive officers in 2018 were made at target levels, which was based on the company meeting or exceeding performance expectations relating to key financial and qualitative performance metrics in 2017, including earnings per share, return on equity, and quality of patient care measures.

PROXY STATEMENT

**ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON THURSDAY, JUNE 13, 2019**

**QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS, ANNUAL MEETING,
AND VOTING**

Why am I receiving these proxy materials?

Our Board of Directors is soliciting your proxy to vote your shares of our common stock at the 2019 Annual Meeting of Stockholders because you owned shares of our common stock at the close of business on April 16, 2019, the record date for the Annual Meeting, and are therefore entitled to vote at the Annual Meeting. A Notice of Internet Availability of Proxy Materials, along with a proxy card, is being mailed on or about May 3, 2019, to stockholders of record as of April 16, 2019. We have made the Proxy Statement and the 2018 Annual Report available to you on the Internet at the following address: <http://investor.lhcgroup.com/FinancialDocs> and www.proxyvote.com. This Proxy Statement summarizes the information that you need to know in order to cast your vote at the 2019 Annual Meeting. You do not need to attend the Annual Meeting in person to vote your shares of our common stock.

What is a proxy?

A proxy is your legal designation of another person to vote your shares of our common stock. The written documents providing notice of the Annual Meeting and describing the matters to be considered and voted on are called a “Notice” and a “Proxy Statement,” respectively. The document used to designate a proxy to vote, and to provide voting instructions on how to vote, your shares of our common stock at the Annual Meeting is called a “proxy card.” Collectively, the Notice, Proxy Statement, and proxy card are called the “proxy materials.” Our Board of Directors has designated two of our officers, Keith G. Myers and Donald D. Stelly, to act as proxies for the Annual Meeting for any stockholder of record as of April 16, 2019 returning a signed and dated proxy card.

When and where will the Annual Meeting be held?

The Annual Meeting will be held at 10:00 a.m. (Central time), on Thursday, June 13, 2019, at our principal executive offices located at 901 Hugh Wallis Road South, Lafayette, Louisiana 70508.

Who is soliciting my proxy?

Our Board of Directors is soliciting your proxy to vote your shares of our common stock on all matters properly coming before the 2019 Annual Meeting of Stockholders, whether or not you attend in person. By submitting your proxy and voting instructions via the Internet or by telephone, or by dating, signing, and returning a proxy card, you are authorizing the proxy holders to vote your shares of our common stock at the Annual Meeting as you have instructed, if applicable.

On what matters will I be voting?

At the Annual Meeting, our stockholders will be asked to vote on the following matters:

1. the election of the three Class II director nominees, who are named in this Proxy Statement, nominated by our Board of Directors to serve for a term of three years and until their successors are elected and qualified;
2. the adoption, on an advisory basis, of a resolution approving the compensation of our named executive officers, as described in this Proxy Statement; and
3. the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

Our stockholders will also be asked to consider any other business that properly comes before the Annual Meeting. We do not expect any matters to be presented for action at the Annual Meeting other than the items described in this Proxy Statement. For more information, see “Could other matters be considered and voted upon at the Annual Meeting?” below.

How does the Board of Directors recommend that I cast my vote?

Our Board of Directors unanimously recommends that you vote:

- **FOR** the election of the three Class II director nominees;
- **FOR** the adoption, on an advisory basis, of the resolution approving the compensation of our named executive officers; and
- **FOR** the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019.

We do not expect any matters to be presented for action at the Annual Meeting other than the items described in this Proxy Statement. However, by submitting your proxy and voting instructions via the Internet or by telephone, or by dating, signing, and returning a proxy card, you will give to the persons named as proxies discretionary voting authority with respect to any other matter that may properly come before the Annual Meeting, and such persons intend to vote on any such other matter in accordance with their discretion.

How many votes may I cast?

You have one vote for every share of our common stock that you owned on April 16, 2019, the record date for the Annual Meeting.

How many shares of common stock are eligible to be voted?

As of the record date for the Annual Meeting, we had 31,490,452 shares of our common stock outstanding, each of which entitles the holder to one vote.

How many shares of common stock must be present to hold the Annual Meeting?

Our bylaws provide that the presence at the Annual Meeting, whether in person or by proxy, of the holders of a majority of the voting power of the outstanding shares of our common stock entitled to vote in the election of directors constitutes a quorum necessary to properly convene a meeting of our stockholders. The inspector of elections will determine whether a quorum exists. Abstentions will be treated as shares present for quorum purposes, but broker non-votes will not be counted as present for purposes of a quorum, since brokers are not entitled to vote in the election of directors without instructions from the beneficial owner. For more information, see “What happens if I do not submit voting instructions for a proposal? What is discretionary voting? What is a broker non-vote?” below.

How do I vote?

Stockholder of Record

If, as of April 16, 2019, your shares of our common stock are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, LLC, you are considered the stockholder of record with respect to those shares, and these proxy materials were sent directly to you by us.

If you are a stockholder of record as of April 16, 2019, there are four ways to ensure your shares of our common stock are represented and voted at the Annual Meeting:

- *Via the Internet.* You may submit your proxy and voting instructions via the Internet by following the instructions provided on your proxy card;
- *By Telephone.* You may submit your proxy and voting instructions by calling the toll-free number found on your proxy card;
- *By Mail.* You may submit your proxy and voting instructions by completing, dating, and signing the enclosed proxy card and returning it promptly in the envelope provided; or
- *In Person.* You may vote your shares of our common stock in person at the Annual Meeting. If you desire to vote your shares of our common stock in person at the Annual Meeting, please request, complete, and deliver to the proxies a ballot prior to the time that ballots are collected at the Annual Meeting.

Only the latest dated proxy received from you, whether via the Internet, by telephone, or by mail, will be used by the proxies to vote your shares at the Annual Meeting. If you submit your proxy and voting instructions via the Internet or by telephone, please do not mail your proxy card.

Beneficial Owner of Shares Held in Street Name

If your shares of our common stock are held in a stock brokerage account by a bank, broker, trustee, or other nominee, you are considered the beneficial owner of shares held in street name and these proxy materials are being forwarded to you by your bank, broker, trustee, or other nominee that is considered the holder of record of those shares. As the beneficial owner, you have the right to direct your bank, broker, trustee, or other nominee on how to vote your shares of our common stock via the Internet or by telephone if the bank, broker, trustee, or other nominee offers these options or by completing, signing, and returning a voting instruction form that your bank, broker, trustee, or other nominee provides. Your bank, broker, trustee, or other nominee will send you instructions for submitting your voting instructions for your shares of our common stock. You may also vote your shares of our common stock in person at the Annual Meeting if you obtain a proxy from your bank, broker, trustee, or other nominee and present it to the inspectors of election with your ballot when you vote your shares at the Annual Meeting. For a discussion of the rules regarding the voting of shares held by beneficial owners, please see “What happens if I do not submit voting instructions for a proposal? What is discretionary voting? What is a broker non-vote?” below.

What happens if I do not submit voting instructions for a proposal? What is discretionary voting? What is a broker non-vote?

If you properly complete, date, sign, and return a proxy card, your shares of our common stock will be voted as you specify. If you are a stockholder of record as of April 16, 2019, and you date, sign, and return but do not provide voting instructions on your proxy card, your shares of our common stock will be voted in accordance with the recommendations of our Board of Directors, as provided above.

If you are a beneficial owner and you do not provide voting instructions to your bank, broker, trustee, or other nominee holding shares of our common stock for you, your shares of our common stock will not be voted with respect to any proposal for which your holder of record does not have discretionary authority to vote. If a proposal is determined to be *discretionary*, your bank, broker, trustee, or other nominee is permitted under the applicable rules to vote on the proposal without receiving voting instructions from you. If a proposal is determined to be *non-discretionary*, your bank, broker, trustee, or other nominee is not permitted under the applicable rules to vote on the proposal without receiving voting instructions from you. A “broker non-vote” occurs when a bank, broker, trustee, or other nominee holding shares for a beneficial owner does not vote on a *non-discretionary* proposal because it has not received voting instructions from the beneficial owner.

Under applicable rules, the proposal relating to the ratification of the selection of our independent registered public accounting firm is a discretionary proposal. Accordingly, if you are a beneficial owner and you do not provide voting instructions to your bank, broker, trustee, or other nominee holding shares for you, your shares may be voted by your bank, broker, trustee, or other nominee with respect to the ratification of the selection of our independent registered public accounting firm.

Under applicable rules, the proposals relating to the election of the director nominees, and the compensation of our named executive officers are non-discretionary proposals. Accordingly, if you are a beneficial owner and you do not provide voting instructions to your bank, broker, trustee, or other nominee holding shares for you, your shares will *not* be voted by your bank, broker, trustee, or other nominee with respect to the election of the three Class II director nominees, or on the approval, on an advisory basis, of the compensation of our named executive officers. Without your voting instructions on these matters, a broker non-vote will occur with respect to your shares.

Shares subject to broker non-votes will not be included in calculating the number of votes necessary for approval of such matter nor will such shares be considered present at the Annual Meeting for purposes of determining the existence of a quorum.

What vote is required, and how will my votes be counted, to elect the director nominees and to approve each of the other proposals discussed in this Proxy Statement?

Proposal	Voting Options	Vote Required to Adopt the Proposal	Effect of Abstentions	Effect of Broker Non-Votes
No. 1: Election of the three Class II director nominees	For all nominees, withhold vote for all nominees, or for all nominees except for nominees indicated	Plurality of votes cast	No effect	No effect
No. 2: Approval, on an advisory basis, of the compensation of our named executive officers	For, against, or abstain	Affirmative vote of a majority of the voting power present in person or by proxy and entitled to vote on the proposal	Treated as votes against	No effect
No. 3: Ratification of the selection of our independent registered public accounting firm	For, against, or abstain	Affirmative vote of a majority of the voting power present in person or by proxy and entitled to vote on the proposal	Treated as votes against	N/A

In contested elections (where the number of nominees exceeds the number of directors to be elected) and in uncontested elections, our director nominees are elected by a plurality of the votes cast. Under our bylaws, all other matters require the affirmative vote of the holders of a majority of the voting power present in person or by proxy and entitled to vote on the proposal.

Can I revoke or change my voting instructions after I deliver my proxy?

Yes. Your proxy can be revoked or changed at any time before it is used to vote your shares of our common stock by: (1) notice in writing to our Corporate Secretary, (2) our timely receipt of another proxy from you with a later date, or (3) voting in person at the Annual Meeting. Your attendance alone at the Annual Meeting will not be enough to revoke your proxy.

How will votes be counted?

An inspector of elections will be appointed to, among other things, determine the number of shares of our common stock outstanding on the record date, determine the number of shares of our common stock represented at the Annual Meeting, determine the existence of a quorum and the authenticity, validity, and effect of proxies, receive votes of ballots, hear and determine all challenges and questions in any way arising in connection with the right to vote, count and tabulate all votes, and determine the results of the matters considered at the Annual Meeting.

Who pays for soliciting proxies?

We pay all expenses of soliciting proxies for the Annual Meeting. In addition to solicitations by mail, arrangements have been made for brokers, banks, trustees, and other nominees to send proxy materials to the beneficial owners, and we will reimburse them for

their reasonable expenses. We may have our employees or other representatives (who will receive no additional compensation for their services) solicit proxies by telephone, e-mail, personal interview, or other means.

Could other matters be considered and voted upon at the Annual Meeting?

Our Board of Directors does not expect to bring any other matter before the Annual Meeting, and it is not aware of any other matter that may be considered at the Annual Meeting. In addition, pursuant to our bylaws, the time has elapsed for any stockholder to properly bring a matter before the Annual Meeting. However, if any other matter does properly come before the Annual Meeting, the proxy holders will vote the proxies in their discretion.

What happens if the Annual Meeting is postponed or adjourned?

Unless a new record date is fixed, your proxy will still be valid and may be used to vote your shares at a postponed or adjourned Annual Meeting. You will still be able to change or revoke your proxy until it is used to vote your shares.

Do I need identification to attend the Annual Meeting in person?

Yes, please bring proper identification. If you are a beneficial owner, please also bring acceptable proof of ownership, such as a letter from your broker, bank, trustee, or other nominee or an account statement showing that you beneficially owned shares of our common stock on the record date.

How can stockholders present proposals and director nominations for our 2020 Annual Meeting?

If an eligible stockholder desires to have a proposal formally considered at our 2020 Annual Meeting of Stockholders and included in our 2020 Proxy Statement, we must receive the proposal in writing at our principal executive offices by January 4, 2020, and the proposal must comply with applicable rules of the Securities and Exchange Commission (“SEC”).

If an eligible stockholder desires to make a proposal, but does not wish to have it included in our Proxy Statement, or desires to submit a director nomination for consideration at our 2020 Annual Meeting of Stockholders and inclusion in our 2020 Proxy Statement, we must receive the proposal in writing, directed to our Corporate Secretary at our principal executive offices no earlier than February 3, 2020 and no later than March 4, 2020. If the date of the 2020 Annual Meeting of Stockholders is more than 30 days before or after June 13, 2020 (the anniversary date of the 2019 Annual Meeting of Stockholders), to be timely, the stockholder must deliver notice no later than the close of business on the later of 90 days prior to the 2020 Annual Meeting of Stockholders or 10 days following the day on which the company first makes public announcement of the date of the 2020 Annual Meeting of Stockholders. See the section titled “The Board of Directors and Corporate Governance – Director Nominee Evaluation Process” for additional information about stockholder nominations. All stockholder proposals and director nominations must comply with the requirements of our bylaws. The requirements of our bylaws are separate from and in addition to the applicable rules of the SEC that a stockholder must meet in order to have a stockholder proposal included in our Proxy Statement.

The address of our principal executive offices to which proposals and nominations should be directed is 901 Hugh Wallis Road South, Lafayette, Louisiana 70508.

THE BOARD OF DIRECTORS AND CORPORATE GOVERNANCE

The Almost Family Merger

On April 1, 2018, we completed a "merger of equals" business combination of the company and Almost Family (the "Merger"), whereby Almost Family became a wholly-owned subsidiary of the company pursuant to the terms and conditions of an Agreement and Plan of Merger dated November 15, 2017 (the "Merger Agreement").

In connection with the Merger and pursuant to the Merger Agreement, we expanded the Board to ten directors and elected four directors designated by Almost Family to the Board following the resignation of three of our directors, John B. Breaux, Kenneth E. Thorpe and Dan S. Wilford. The four designees of Almost Family were Jonathan D. Goldberg, Clifford S. Holtz, W. Earl Reed, III, and Tyree G. Wilburn, each of whom was an Almost Family director immediately prior to the Merger. Each of Keith G. Myers, W.J. "Billy" Tauzin, Monica F. Azare, John L. Indest, Ronald T. Nixon and Brent Turner continued to serve as directors following the Merger. We also reconstituted the various committees of the Board to include both Almost Family designees as well as our continuing directors.

Effective with the Merger, John B. Breaux, Kenneth E. Thorpe and Dan S. Wilford accepted appointment to a newly-created Transitional Advisory Council of the company, which was created to make recommendations, render advice or provide assistance to the Board, primarily related to integration of the company's existing business operations with those of Almost Family, and other transitional matters as requested by the Board from time to time.

Effective March 1, 2019, Tyree G. Wilburn resigned from the Board and accepted a position on our Transitional Advisory Council, and Ms. Teri G. Fontenot was appointed by the Board to fill the remainder of Mr. Wilburn's term expiring at the 2019 Annual Meeting.

Keith G. Myers, our Chairman of the Board and Chief Executive Officer, Donald D. Stelly, our President and Chief Operating Officer, and Joshua L. Proffitt, our Chief Financial Officer, Treasurer all continued to serve in their respective roles following the Merger.

Independence of Directors

Our Board of Directors has reviewed the independence of each of our directors in light of the definition of "independent director" in the applicable listing standards of the Nasdaq Stock Market, LLC ("NASDAQ"). As a result of this review, we affirmatively determined that all of our directors are independent, with the exception of Keith G. Myers, our Chief Executive Officer.

Board Leadership Structure; Succession Planning

Our Board of Directors currently combines the role of Chairman of the Board with the role of Chief Executive Officer. We have also established a Lead Director position held by an independent director to further strengthen our governance structure. We believe this structure provides an efficient and effective leadership model for the company. Combining the Chairman of the Board and Chief Executive Officer roles fosters clear accountability, effective decision-making, and alignment on corporate strategy, while appointing a Lead Director ensures that an independent director serves in a board leadership position, allowing our independent directors to effectively oversee company management and key issues related to strategy, risk, and integrity. To further assure effective independent oversight, we have adopted a number of governance practices, including:

- executive sessions of our independent directors after every board meeting, and
- annual performance evaluations of the Chairman of the Board and Chief Executive Officer by our independent directors.

Congressman Tauzin has served as our Lead Director since January 2005. The Lead Director's duties include preparing and reviewing agendas and minutes of committee meetings and pertinent board issues and presiding at regularly scheduled executive sessions and other meetings of our independent directors.

We recognize that no single leadership model is right for all companies and that, depending on the circumstances, other leadership models, such as one providing for a separate independent Chairman of the Board, might be appropriate. Accordingly, our Board of Directors periodically reviews our leadership structure. Based on that review, our Board of Directors believes that our leadership model best serves the company and its stockholders.

A key responsibility of the Chief Executive Officer and our Board of Directors is ensuring that an effective process is in place to provide continuity of leadership over the long term at all levels in the company. Each year, succession-planning reviews are held at every significant organizational level of the company. During this review, the Chief Executive Officer and the members of the Nominating and Corporate Governance Committee discuss future candidates for senior leadership positions, succession timing for those positions, and development plans for the highest-potential candidates. This process ensures continuity of leadership over the long term, and it forms the basis on which the company makes ongoing leadership assignments. It is a key success factor in managing the long-term planning and investment lead times of our business.

In addition, the Chief Executive Officer maintains in place at all times, and reviews with the Nominating and Corporate Governance Committee periodically, a confidential plan for the timely and efficient transfer of his responsibilities in the event of an emergency or his sudden incapacitation or departure.

Risk Oversight

Our enterprise risk management is an overarching ongoing governance process for identifying, ranking, and managing the risks of our business. Top risks that have been identified through this process are managed by the executive team and assigned to the senior managers responsible for coordinating the monitoring, reporting, and risk mitigation activities associated with such risks, which may be financial, operational, or strategic in nature. Senior managers periodically provide detailed reports to our Board of Directors or its committees. Accountability to a committee of our Board of Directors is based on the nature of the risk and the applicable responsibilities of the committee. For all other risks not applicable to a committee, accountability is with our Board of Directors. For example, financial related risks are reviewed by the Audit Committee, governance related risks are reviewed by our Nominating and Corporate Governance Committee, and strategic risks are reviewed by our full Board of Directors.

Our Board of Directors has delegated to the Compensation Committee the responsibility of assessing the risks associated with our compensation practices and policies for employees, including a consideration of the counterbalance of risk-taking incentives and risk-mitigating factors in our practices and policies. Based on the results of the Compensation Committee's risk assessment, management has concluded that our current compensation policies and practices do not create risks that are reasonably likely to have a material adverse effect on the company. Our management also believes that our incentive compensation arrangements do not encourage risk-taking beyond our organization's ability to effectively identify and manage significant risks, are compatible with effective internal controls and our risk management practices, and are supported by the oversight and administration of the Compensation Committee with regard to executive compensation programs.

Information security is a significant operational risk that may lead not only to financial loss and regulatory penalty, but may also negatively affect the reputation of and confidence in the company. We continue to enhance our information security programs and capabilities to identify and mitigate threats to the confidentiality, availability, and integrity of our information systems. Our Board of Directors has delegated to the Audit Committee the responsibility of assessing the risks associated with our information systems. Our Audit Committee is actively engaged in the oversight of the company's information security risk management and cybersecurity programs. The Audit Committee receives regular updates from the company's Chief Strategy and Innovation Officer and the company's Chief Information Officer concerning our information security and cyber risk strategy, cyber defense initiatives, cyber event preparedness, and cybersecurity risk assessments. The Audit Committee also oversees the company's consultation with outside parties with an expertise in cybersecurity that we engage and retain to review and assess our information security program, and to perform periodic penetration tests against our information networks. Further, the company employs a risk management framework to identify, assess, monitor, and test cyber risk and controls, and performs comprehensive due diligence and ongoing oversight of third-party relationships, including vendors. Our information security program employs a wide variety of technologies that are intended to secure our operations and proprietary information. This in-depth defense strategy focuses on protecting our networks, systems, data, and facilities from attacks or unauthorized access. We have made and will continue to make ongoing investments in developing and enhancing our security processes and controls and in maintaining our technology infrastructure, including the maintenance of a business continuity and disaster recovery program, which is tested on a regular basis. We also provide regular education and training to our employees and contractors on cybersecurity and the protection of our information systems in order to mitigate risk associated with protection against threats to the confidentiality, availability, and integrity of our information systems.

Committees and Meetings of the Board of Directors

During 2018, our Board of Directors held five meetings and took additional action, from time to time, by unanimous written consent. All of our directors attended at least 75% of the aggregate number of meetings held in 2018 by our Board of Directors and its committees on which he or she served that were held during the period that he or she served as a director committee member. Our Board of Directors does not have a policy requiring director attendance at annual meetings. One member of our Board of Directors attended the 2018 Annual Meeting.

We have adopted a policy relating to executive sessions of our Board of Directors. Under this policy, no less frequently than semi-annually, our Board of Directors is required to meet in executive sessions in which independent directors meet separately from our non-independent directors and members of management. Although the policy only requires semi-annual meetings in executive sessions, our Board of Directors often holds an executive session in connection with each meeting of our Board of Directors. The independent members of our Board of Directors held four executive sessions during 2018.

We have established five committees of our Board of Directors: an Audit Committee, Compensation Committee, Nominating and Corporate Governance Committee, Clinical Quality Committee, and Corporate Development Committee, each of which is briefly described below. The following table shows the current membership of these committees:

Director Nominee Evaluation Process

The Nominating and Corporate Governance Committee is responsible for seeking individuals qualified to become board members, conducting appropriate inquiries into the backgrounds and qualifications of possible board nominees, and proposing nominees for board membership to our Board of Directors for its approval. The Nominating and Corporate Governance Committee will consider candidates for board membership suggested by its members and other board members, as well as by management and stockholders.

The Nominating and Corporate Governance Committee seeks to ensure that the composition of our Board of Directors at all times reflects a variety of complementary experiences and backgrounds sufficient to provide sound and prudent guidance with respect to the operations and interests of the company. The Nominating and Corporate Governance Committee will evaluate prospective nominees considering certain factors, including:

- the commitment of the prospective nominee to represent the long-term interests of our stockholders;
- the prospective nominee's standards of character and integrity;
- the prospective nominee's financial literacy;
- the prospective nominee's ability to dedicate sufficient time, energy, and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards;
- the prospective nominee's independence and absence of any conflicts of interest that would interfere with his or her performance as a director;
- the extent to which the prospective nominee contributes to the range of talent, skill, and expertise appropriate for our Board of Directors; and
- the prospective nominee's background, gender, and ethnicity.

The Nominating and Corporate Governance Committee strives to ensure that at least one member of our Audit Committee qualifies as an "audit committee financial expert," as defined by Item 407(d)(5) of Regulation S-K, and that a majority of the members of our Board of Directors meet the definition of "independent director" under the listing standards of NASDAQ. The Nominating and Corporate Governance Committee also believes it is appropriate for certain members of management to participate as members of our Board of Directors. Other than the foregoing, there are no stated minimum criteria for director nominees, although the Nominating and Corporate Governance Committee may also consider such other factors as it deems are in the best interests of the company and our stockholders, such as the current composition of our Board of Directors, the balance of management and independent directors, and the need for specialized expertise.

Annually, the Nominating and Corporate Governance Committee reviews with our full Board of Directors the appropriate experience, skills, and characteristics expected of board members in the context of the current make-up of our Board of Directors. In accordance with our Corporate Governance Guidelines, the Nominating and Corporate Governance Committee's annual review includes assessing

the diversity of our Board of Directors and whether board members possess certain skills, such as an understanding of financial statements and financial reporting systems, an understanding of the healthcare industry, experience in operations, experience in governmental matters, and experience in acquisitions. We view and define diversity in its broadest sense, which includes gender, ethnicity, education, experience, and leadership qualities. If, as a result of such assessment, the Nominating and Corporate Governance Committee determines that adding or replacing a director is advisable, the Nominating and Corporate Governance Committee initiates a search for a suitable candidate to fulfill the board's needs from a diverse pool of candidates.

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the willingness of the current members of our Board of Directors to continue in service. Current members of our Board of Directors with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination, and the Nominating and Corporate Governance Committee balances the value of continuity of service by existing members of our Board of Directors with that of the need for additional skills or experience from new board members. If any member of our Board of Directors does not wish to continue in service, or if the Nominating and Corporate Governance Committee or our full Board of Directors decides not to re-nominate a current board member for re-election, the Nominating and Corporate Governance Committee identifies the desired skills and experience for a new nominee in light of the criteria for board members described above. The Nominating and Corporate Governance Committee considers new candidates for our Board of Directors recommended by current members of our board or members of management. In addition, the Nominating and Corporate Governance Committee may, to the extent it deems appropriate, retain a professional search firm and other advisors to identify potential director nominees. The Nominating and Corporate Governance Committee also considers director candidates recommended by eligible stockholders. The criteria employed by the Nominating and Corporate Governance Committee in evaluating potential nominees do not differ based on whether the candidate is recommended by a stockholder of the company.

A stockholder who wishes to recommend a prospective nominee for our Board of Directors to the Nominating and Corporate Governance Committee must submit a written notice by mail to the Nominating and Corporate Governance Committee, c/o Corporate Secretary, LHC Group, Inc., 901 Hugh Wallis Road South, Lafayette, Louisiana 70508. Such a written recommendation must be received not less than 120 calendar days nor more than 150 calendar days before the first anniversary of the date the company's Notice of Annual Meeting was first sent to stockholders in connection with the previous year's Annual Meeting.

Stockholder recommendations to the Nominating and Corporate Governance Committee should include, at a minimum:

- the candidate's name, age, business addresses and other contact information;
- a complete description of the candidate's qualifications, experience, background, and affiliations, as would be required to be disclosed in the proxy statement pursuant to the applicable rules of the SEC;
- a sworn or certified statement by the candidate in which he or she consents to being named in the proxy statement as a nominee and to serve as a director if elected; and
- the name and address of the stockholder(s) of record making such a recommendation.

Stockholders may also continue to make their own direct nominations to our Board of Directors, for election at an Annual or Special Meeting of the Stockholders, in accordance with the procedures set forth in our bylaws relating to stockholder nominations. To be timely, a stockholder's notice shall be delivered to our Corporate Secretary at our principal executive offices not less than 60 or more than 90 days prior to the first anniversary of the date on which we first mailed our proxy materials for the preceding year's Annual Meeting of Stockholders; provided, however, that if no proxy materials were mailed by us in connection with the preceding year's Annual Meeting, or if the date of the Annual Meeting is advanced more than 30 days prior to or delayed by more than 30 days after the anniversary of the preceding year's Annual Meeting, notice by the stockholder to be timely must be so delivered not later than the close of business on the later of (a) the 90th day prior to such Annual Meeting or (b) the 10th day following the day on which public announcement of the date of such Annual Meeting is first made. See the section titled "QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS, ANNUAL MEETING, AND VOTING - How can stockholders present proposals and director nominations for our 2020 Annual Meeting?" above for specific dates for the 2020 Annual Meeting. There have been no changes to the procedures by which stockholders may recommend nominees to our Board of Directors, as set forth above, since our disclosure of such procedures in our proxy statement for our 2018 Annual Meeting of Stockholders. Neither our Corporate Secretary nor the Nominating and Corporate Governance Committee has received any nominations from any of our stockholders in connection with the 2019 Annual Meeting.

Stockholder Communications with the Board of Directors

Our Board of Directors accepts communications sent by our stockholders. Stockholders may communicate with our Board of Directors (or with specified individual directors) by writing to them at LHC Group, Inc., c/o Corporate Secretary, 901 Hugh Wallis Road South, Lafayette, Louisiana 70508. Communications should be sent by overnight or certified mail, return receipt requested. All written communications received from our stockholders will be forwarded promptly to the member(s) of our Board of Directors to whom the communication is directed or, if the communication is not directed to any particular member(s) of our Board of Directors, the communication will be forwarded to all members of our Board of Directors.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee was, during 2018 or formerly, an officer or employee of the company or had any relationships during 2018 requiring disclosure in this proxy statement under "Certain Relationships and Related Transactions." During 2018, none of our executive officers served as a member of a Board of Directors or compensation committee (or other board committee performing equivalent functions) of any entity that has one or more executive officers serving as a member of our Board of Directors or the Compensation Committee.

Code of Business Conduct and Ethics; Corporate Governance Guidelines

In compliance with requirements of both the SEC and the listing standards of NASDAQ, we have adopted a Code of Conduct and Ethics applicable to all of our directors, officers, and employees. Our Code of Conduct and Ethics and our Corporate Governance Guidelines can be found on our website at www.lhcgroup.com under Investors - Corporate Governance. Both are available in print upon request.

Indemnification Agreements with Directors

We have adopted provisions in our Certificate of Incorporation on file with the Delaware Secretary of State that limit the liability of our directors for monetary damages for breach of their fiduciary duties, except for liability that cannot be eliminated under the Delaware General Corporation Law ("DGCL"). The DGCL provides that our directors will not be personally liable for monetary damages for breach of their fiduciary duties as directors, except for any of the following: (1) any breach of their duty of loyalty to the company or our stockholders; (2) acts or omissions not in good faith or that involve intentional misconduct or a knowing violation of law; (3) unlawful payments of dividends or unlawful stock repurchases or redemptions as provided in Section 174 of the DGCL; or (4) any transaction from which the director derived an improper personal benefit. This limitation does not apply to liabilities arising under the federal securities laws and does not affect the availability of equitable remedies such as injunctive relief or rescission.

Our bylaws also provide that we will indemnify our directors and executive officers and we may indemnify our other officers and employees and other agents to the fullest extent permitted by law. In addition, our bylaws permit us to secure insurance on behalf of any officer, director, employee, or other agent for any liability arising out of his or her actions in such capacity, regardless of whether our bylaws would permit indemnification. We have entered into separate indemnification agreements with our directors, in addition to the indemnification provided by our Certificate of Incorporation and bylaws. These agreements, among other things, provide for indemnification of our directors for expenses, judgments, fines, and settlement amounts incurred by our directors in any action or proceeding arising out of his or her services as director or at our request.

Equity Compensation

The Director Compensation Plan provides for annual awards of restricted stock to non-employee directors. On March 1, 2018, each non-employee director received an award of restricted stock having an aggregate value equal to approximately \$100,000. The number of shares of restricted stock awarded to each non-employee director was determined by dividing \$100,000 by the fair market value per share as of the date of grant (rounded up to the nearest hundred shares). These annual restricted stock awards vest on the first anniversary of the grant date.

In addition, the Director Compensation Plan provides that new directors, other than the Lead Director, receive an initial grant of 3,500 shares of restricted stock in connection with their election or appointment to our Board of Directors. The Lead Director receives an initial grant of 7,000 shares of restricted stock in connection with his or her appointment as Lead Director. These initial grants of restricted stock vest one-third on the date of grant and one-third on each of the first two anniversaries of the grant date. Messrs. Goldberg, Holtz, Reed, and Wilburn were appointed to the Board of Directors on April 1, 2018, and each received an initial grant of 3,500 shares of restricted stock at that time.

Benefits

We reimburse each non-employee director for expenses associated with attending board and committee meetings and other board-related activities. Our non-employee directors do not receive other benefits from the company with the exception of Mr. Indest who, along with his spouse, participates in our medical insurance plan pursuant to Mr. Indest's consulting agreement with the company.

Role of Independent Compensation Consultants

To assist in evaluating our compensation practices, the Compensation Committee from time to time retains an independent compensation consultant to provide advice and ongoing recommendations regarding board member compensation practices that are consistent with our business goals and compensation philosophy. We believe that this input and advice produces more informed decision-making and assures that an objective perspective is considered in this important governance process. Since 2010, the Compensation Committee has periodically retained Pearl Meyer & Partners ("PM&P") to review our non-employee director compensation program. Specifically, the Compensation Committee engaged PM&P in 2018 with instructions to (i) review the total compensation package we provide to our board members, (ii) assess the competitiveness and reasonableness of our compensation program as compared to a peer group of companies within the health care industry with similar revenue levels and market capitalization, and (iii) provide assessments and recommendations for the current and future total compensation packages for our board members. We referred to the results of these studies, and also internally reviewed current industry and market practices within our peer group, when we established compensation levels for our board members for 2018, including increasing the annual cash retainers payable for service on our Board of Directors and board committees, and the meeting fee payable for each board meeting, as described above. PM&P has no other relationship with our company. The Compensation Committee has assessed the independence of PM&P and concluded that PM&P's work did not raise any conflicts of interest.

Based solely on a review of the Section 16(a) reports furnished to us and written representations from our directors and executive officers that no other reports were required for such persons, we believe that all reporting requirements were satisfied in 2018, with the following exceptions. **THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE “FOR”
PROPOSAL 1: THE ELECTION OF DIRECTOR NOMINEES
MONICA F. AZARE, TERI G. FONTENOT, AND JOHN L. INDEST
AS CLASS II DIRECTORS.**

The term of the Class II directors expires at the 2019 Annual Meeting. The Nominating and Corporate Governance Committee conducted an evaluation of each Class II director nominee to evaluate their performance prior to recommending to our Board of Directors their nomination for an additional term as a director. Upon the recommendation of the Nominating and Corporate Governance Committee, which consists entirely of independent directors, we nominate Ms. Azare, Ms. Fontenot, and Mr. Indest for election as Class II directors to serve until the Annual Meeting of Stockholders to be held in 2022, and until their successors have been elected and qualified. For additional information about each of the Class II director nominees, see the section titled “Information about Director Nominees, Continuing Directors, and Management.” Each nominee for election at the 2019 Annual Meeting has consented to be a candidate and to be so named in this Proxy Statement and to serve, if elected. We do not know of any reason why any nominee would be unable or, if elected, will decline to serve as a director. If any nominee becomes unable or unwilling to serve, we may either reduce the number of directors to be elected or select a substitute nominee. For additional information on the voting requirements, see the section titled “Questions and Answers about the Proxy Materials, Annual Meeting, and Voting.”

COMPENSATION DISCUSSION AND ANALYSIS

In this section, we provide an overview and analysis of our executive compensation program and policies, the material compensation decisions we have made under those programs and policies with respect to our named executive officers, and the material factors that the Compensation Committee considered in making those decisions. Immediately following this section, you will find a series of tables containing specific information about the compensation earned or paid in 2018 to the following individuals, whom we refer to, collectively, as our named executive officers:

- Keith G. Myers, our Chief Executive Officer;
- Donald D. Stelly, our President and Chief Operating Officer;
- Joshua L. Proffitt, our Chief Financial Officer and Treasurer; and
 - Bruce Greenstein, our Executive Vice President, Chief Strategy and Innovation Officer.

Executive Summary

We provide post-acute health care services to patients through our home health agencies, hospice agencies, home and community-based agencies, facility-based (primarily long-term acute hospitals), and healthcare innovations services ("HCI"). As of December 31, 2018, we operated 757 locations in 36 states. The majority of our consolidated net service revenue comes from Medicare, and our objective is to become the leading provider of in-home healthcare services in the United States, while also providing a complementary suite of other post-acute healthcare service offerings through our facility-based and HCI segments. For more information about our business, please see “Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018.

The compensation program for our named executive officers is structured to support the achievement of our business objectives, and by design, overall executive compensation will rise or fall in tandem with our performance. We believe that each executive officer has the potential to affect both the short-term and long-term profitability of the company. Therefore, we place considerable importance on creating and implementing our executive compensation program to properly compensate and incentivize our named executive officers. Our executive compensation program emphasizes the creation of stockholder value by focusing on our overall performance and recognizing and rewarding each executive officer’s contributions to our success. Highlights of our program include:

- High percentage of executive compensation is at-risk or performance-based. More than half of the total direct compensation earned by each named executive officer in 2018 (base salary, annual cash incentive award, and time-vesting restricted stock award) was at-risk or performance-based, meaning that it must have been earned on the basis of corporate and individual performance goals (in the case of annual incentive awards) or its future value was contingent upon the future performance of our common stock (in the case of restricted stock). For Mr. Myers, our Chief Executive Officer, approximately 83% of his 2018 total direct compensation was at-risk or performance-based.
- 2018 annual incentive payments to executives are aligned with 2018 corporate performance. The company achieved the upper range of its earnings per share goal for 2018, resulting in above target payouts to the named executive officers under our annual incentive plan.
- 2018 long-term equity incentive awards are based on successful achievement of key performance metrics. The grants of long-term equity incentives to the named executive officers in 2018 were based on the company meeting or exceeding performance expectations relating to key financial and qualitative performance metrics in 2017, including earnings per share, return on equity, and quality of patient care measures.
- Compensation clawback policy. We have adopted a compensation clawback policy that allows us to recoup certain compensation paid to our executive officers in the event of a restatement of our financial results.

- Stock ownership guidelines. We have adopted stock ownership guidelines and retention requirements for our executive officers and directors.
- Anti-hedging and anti-pledging policies. We have revised our Insider Trading Policy to prohibit hedging and pledging transactions by our executive officers and directors.
- Double-trigger change in control provisions. Following a change in control, each named executive officer would only be entitled to severance benefits and accelerated vesting of equity awards if the executive officer experiences an involuntary termination of employment.
- No excise tax gross-ups. We do not provide excise tax gross-ups in change of control arrangements.

Our Compensation Philosophy

Our compensation philosophy is to integrate our compensation program with corporate performance by linking a portion of executive officer compensation to the achievement of financial goals that are critical to the success of the company. Our objective is to have a compensation program that will allow us to attract, motivate, and retain qualified executives, reward entrepreneurial thinking, and align the interests of our named executive officers with the interests of our stockholders. In order to further this objective, our compensation program is structured to incorporate certain key principles, which are reflected in various elements of our compensation program, as summarized below:

Compensation Principle	Element of Compensation Program that Reflects Principle
<ul style="list-style-type: none"> • Our executives should be provided with total compensation opportunities at levels that are competitive for comparable positions at companies with whom we compete for talent. 	<ul style="list-style-type: none"> • Based on review of peer group market data, our executive compensation program is competitive relative to our peer group, with opportunities for our executives to earn compensation that is at or above median levels based on meeting or exceeding key company and individual performance measures.
<ul style="list-style-type: none"> • A significant portion of executive compensation should be linked to the company’s achievement of performance goals and increased stock value in a way that proportionally rewards higher performance levels. 	<ul style="list-style-type: none"> • Annual bonus awards and long-term equity awards are earned based on company performance, and the value of restricted stock awards is based on our stock value.
<ul style="list-style-type: none"> • Each of our executive’s interests should be closely aligned with those of our stockholders by making stock-based incentives a core element of our compensation program. 	<ul style="list-style-type: none"> • We grant annual equity awards to our executives in the form of restricted stock based on company and individual executive performance.

How We Determine and Assess Executive Compensation

We believe that the total compensation package available to our executives is fair and competitive, provides enhanced levels of financial reward based on higher levels of performance, and is designed to recognize and reward both short- and long-term performance. As described below, the Compensation Committee determines appropriate elements and levels of compensation for our named executive officers based upon input from our Chief Executive Officer regarding each executive officer other than himself, market data provided by its compensation consultant, analysis of market data and trends, and an analysis of internal pay equity.

Role of Independent Compensation Consultants

To assist in evaluating our compensation practices, the Compensation Committee from time to time retains an independent compensation consultant to provide advice and ongoing recommendations regarding executive compensation practices that are consistent with our business goals and pay philosophy. We believe that this input and advice produces more informed decision-making and assures that an objective perspective is considered in this important governance process. The Compensation Committee has retained PM&P as its the executive compensation consultant since 2010. For their analysis conducted in late 2018, which was used in connection with the executive compensation decisions for 2019, the Compensation Committee instructed PM&P to (i) review the total compensation package (base salary, annual cash incentives, and long-term equity incentives) we pay to our named executive officers, (ii) assess the competitiveness and reasonableness of our compensation program as compared to a peer group of companies within the health care industry with similar revenue levels and market capitalization, and (iii) provide conclusions and recommendations for the current and future total compensation packages for our named executive officers. When establishing compensation levels for our executive officers for 2019, we referred to the results of this study, met with representatives from PM&P, and also internally reviewed current industry and market practices within our peer group. The Compensation Committee has assessed the independence of PM&P and concluded that PM&P’s work did not raise any conflicts of interest. PM&P has no other relationship with our company.

Market Data and Peer Group

The Compensation Committee reviews and analyzes market data to ensure that our executive officer compensation is competitive with the marketplace. We consider the compensation levels, programs, and practices of other companies within our industry and of comparable size in terms of revenue and market capitalization to assist us in setting executive compensation so that it is market competitive. In reviewing compensation levels for 2019, we used the following peer group: Amedisys, Inc.; AMN Healthcare Services, Inc.; Brookdale Senior Living, Inc.; Chemed Corporation; Cross County Healthcare, Inc.; Encompass Health Corporation; Genesis Healthcare, Inc.; LifePoint Health, Inc.; MEDNAX, Inc.; National HealthCare Corporation; The Ensign Group, Inc.; Quorum Health Corporation; RadNet, Inc.; Acadia Healthcare Company, Inc.; Select Medical Holdings Corporation; Surgery Partners, Inc.; The Providence Service Corporation; and Civitas Solutions, Inc.

For 2018, we adjusted the compensation levels of our named executive officers after comparing them to the above peer group, see the 2018 Summary Compensation Table in the section titled "Executive Compensation Tables." As our strategy changes and we leverage our capabilities into other markets, we intend to review the peer group to assure that we have the appropriate marketplace focus. The Compensation Committee used the reported market data, along with the PM&P report, to understand competitive compensation, industry trends and best practices regarding executive compensation.

Role of Chief Executive Officer in Executive Compensation Decisions

Our Chief Executive Officer recommends to the Compensation Committee base salary, target bonus levels, and long-term incentive awards for our executive officers, excluding himself. Our Chief Executive Officer bases these recommendations on data and analysis regarding our peer group, information provided by our compensation consultant, and qualitative judgments regarding individual performance. Our Chief Executive Officer is not present when the Compensation Committee discusses or determines any aspect of his compensation.

Consideration of Say-on-Pay Vote Results

At our 2011 Annual Meeting, we held our first non-binding stockholder advisory vote on executive compensation ("say-on-pay"). Our stockholders have consistently and overwhelmingly approved our executive compensation program, with greater than 95% of voting stockholders casting their vote in favor of the say-on-pay resolution in each of the annual say-on-pay votes held, including last year. Because most of the significant 2018 compensation decisions had already been made at the time of the 2018 say-on-pay vote at our 2018 Annual Meeting of Stockholders, the Compensation Committee primarily considered the results of the 2018 say-on-pay vote along with other factors when making executive compensation decisions for 2019. In making executive compensation decisions for 2018 and 2019, the Compensation Committee's main considerations included our stockholders' continuous, strong support for our executive compensation program, and the Compensation Committee's satisfaction with the 2017 and 2018 pay structure, as well as compensation research reports prepared for the company by PM&P in 2016 and 2018 and other publicly available information.

Elements of Our Compensation Program

Our executive compensation program consists of the following three primary components: base salary, annual cash incentive awards and long-term equity incentive awards in the form of restricted stock grants. We consider a combination of objective and subjective factors in determining the appropriate aggregate compensation for our named executive officers. Objective factors include compensation paid by companies in our peer group to officers in similar positions, and factors relating to the performance of the company, including net income, earnings per share, return on equity, quality of patient care measures and Star Ratings, and organic and acquisitive growth. Subjective factors relate to the performance of the individual executive officer, and include the following:

- the executive officer's responsibilities;
- the scope of the position;
- experience and length of service with the company;
- individual efforts and performance within the company, the industry and the community;
- team building skills consistent with the company's best interests; and
- observance of our ethics and compliance program.

While these subjective factors are integrated with the objective factors mentioned above, the overall assessment is primarily a subjective one, intended to reflect the level of responsibility and individual performance of the particular executive officer.

In addition, we provide certain other benefits, such as limited perquisites, retirement benefits, which are available to all eligible employees, and severance benefits. The percentage mix of total compensation for 2018 for each named executive officer (as reported in the "2018 Summary Compensation Table" in the section "Executive Compensation Tables" below) is as follows:

Name	2018 Total Compensation (as Reported in the Summary Compensation Table)	FIXED	AT RISK/PERFORMANCE BASED	
		% Attributable to Salary and All Other Compensation	% Attributable to Annual Cash Incentive Award	% Attributable to Restricted Stock Grants
Keith G. Myers	\$ 4,492,614	17%	0%	83%
Donald D. Stelly	3,585,013	17	28	55
Joshua L. Proffitt	3,264,998	15	26	59
Bruce Greenstein	1,535,798	42	17	41

Base Salary

We provide base salaries to our named executive officers as compensation for day-to-day responsibilities and sustained performance. Base salary provides our named executive officers with an element of compensation that is not “at-risk.”

Mr. Myers conducts an annual merit review of each of our named executive officers, and based on this review, recommends base salaries to the Compensation Committee with respect to each named executive officer other than himself. The Compensation Committee determines the appropriate base salary for Mr. Myers after an annual performance review based on the same factors used to evaluate the other named executive officers.

For 2018, based on the subjective assessment discussed above and a review of the market data, the Compensation Committee adjusted the base salaries of each named executive officer. Messrs. Myers', Stelly's, and Proffitt's base salary for 2018 was increased by 2%, 4%, and 12%, respectively.

Annual Cash Incentive Awards

The Compensation Committee believes that a significant portion of the total cash compensation for named executive officers should be based on our achievement of specific performance criteria, and that a significant part of the cash compensation package should be “at-risk.” The Compensation Committee established short-term incentive (“STI”) target amounts for Messrs. Stelly, Proffitt, and Greenstein at 100%, 95%, and 80%, respectively, of their base salaries. At Mr. Myers request, the Compensation Committee did not establish a 2018 STI opportunity for him. The Compensation Committee approved a cash incentive bonus program for 2018 under which Messrs. Stelly, Proffitt, and Greenstein had the opportunity to earn a cash incentive bonus based on our level of achievement of the annual earnings per share target goal (the “EPS Target Bonus”), as follows:

Annual EPS Goals for 2018	Amount of STI Earned
\$3.45	50% of STI Target
\$3.48	80% of STI Target
\$3.50	100% of STI Target
\$3.53	100% of STI Target, plus 10% of base salary
\$3.55	100% of STI Target, plus 20% of base salary

For 2018, we achieved above-target earnings per share for 2018, resulting in Messrs. Stelly and Proffitt being eligible to receive 100% of their respective STI target amount plus an additional 20% of their respective base pay amount. Mr. Greenstein was eligible to receive his respective STI target amount plus an additional 20% of his respective base pay amount, which was prorated based on his employment date of June 25, 2018. In addition, if the company achieved earnings per share for 2018 at the "target" level of \$3.50 or greater, each of Messrs. Stelly, Proffitt, and Greenstein would earn an additional cash incentive bonus of 2% of his annual base salary for achievement of each of the five key financial and qualitative performance goals listed below, which we believe are critical to our long-term success (the "Stretch Target Bonus"). In the event all five of the Stretch Target Bonus goals listed below were achieved, each of Messrs. Stelly and Proffitt would receive an aggregate additional cash incentive award of 10% of his annual base salary.

<u>Stretch Target Bonus Goals</u>	<u>Achieved in 2018</u>
1. Trailing 12-month revenue of \$120 million or greater for 2018 acquisitions (excluding the Merger)	No
2. 80% of company home health providers achieve HHCAPS star ratings of 4 stars or greater	Yes
3. 90% of company home health providers achieve quality outcomes and process measure star ratings of 4.5 stars or greater	Yes
4. Achievement of annual voluntary turnover target below 16.5%	Yes
5. Achievement of each 1% improvement in annual organic revenue growth for home health, hospice, and home and community-based services segments	No

As reflected above, in 2018, we achieved our earnings per share target for the year in order for each of Messrs. Stelly, Proffitt, and Greenstein to receive 100% of their respective STI amount plus an additional 20% of their respective base pay amount, and achieved three of the Stretch Target Bonus performance goals for the year. As a result, Messrs. Stelly and Proffitt earned aggregate annual incentive bonuses of \$999,705 and \$850,011, respectively. Mr. Greenstein earned aggregate annual incentive bonus of \$255,000.

Long-Term Equity Incentive Awards

The purpose of long-term equity incentives is to align our named executive officers' performance incentives more closely with the interests of our stockholders. Since our initial public offering in 2005, we have provided annual long-term equity incentive awards to our named executive officers in the form of restricted stock awards. We continue to believe that these restricted stock awards have been and remain an excellent vehicle for providing financial incentives for management because they align the executives' interests with those of our stockholders and provide strong incentive for the creation of stockholder value. Time-vesting restricted stock also provides a strong retention component to our compensation program.

For the 2018 grants, the Committee established target award opportunities under the long-term incentive plan ("LTIP") expressed as a percentage of base salary and are driven by the individual's role/level within the company. The actual grant value is based on the achievement of the certain company financial and quality goals as determined by the Compensation Committee. For the 2018 grants, the committee considered the following 2017 performance measures:

- Earnings Per Share;
- Return on Equity; and
- Quality Outcomes.

The Committee determined that performance exceeded expectations and awarded the named executives their target value of shares.

The grant values are ultimately at the Committee's discretion. The Committee may increase or decrease the award to reflect what the Committee determines to be an appropriate result. The Committee primarily considers company performance versus budget. In addition, the Committee considers individual performance, performance versus peers and external economic factors including governmental reimbursements.

During 2018, Messrs. Myers, Stelly and Proffitt received restricted stock awards with target grant date values equal to 509%, 346%, and 429%, respectively, of our named executive officer's 2017 base salary. The Committee considered company and individual performance and determined that a target grant value was appropriate.

Timing of Equity Grants

Equity awards are made by the Compensation Committee only on dates the Committee meets. Equity awards for 2018 were approved at a regularly scheduled meeting of our Compensation Committee during the first fiscal quarter of the year, after review and consideration of the company's performance during the prior fiscal year. We do not have any program, practice, or policy of timing equity awards in connection with the release of material non-public information. The Compensation Committee may make an award with an effective date in the future contingent on commencement of employment, execution of a new employment agreement, or some other subsequent event.

Limited Executive Perquisites and No Retirement Benefits

Retirement benefits fulfill an important role within our overall executive compensation objective by providing a financial security component which promotes retention. However, our executives do not receive any retirement benefits that are not generally available to our other full-time employees. We maintain a 401(k) plan, a tax-qualified defined contribution retirement plan in which our named executive officers are eligible to participate and we provide a discretionary match of up to 2% of employee eligible compensation. We do not maintain any excess benefit plans, defined benefit or pension plans, or any deferred compensation plans.

Severance and Change in Control Arrangements

We maintain employment agreements with each of our named executive officers that provide, among other things, that the executive will be entitled to receive certain severance benefits in the event of a termination of employment, and the executive will be entitled to increased benefits in the event that a termination of employment follows a change in control of the company. We believe these employment agreements are an important element of our named executive officers' overall compensation package because they serve to ensure the continued focus and dedication of our named executive officers notwithstanding any personal concerns they may have regarding their own continued employment, either prior to or following a change in control. The increased benefits that are payable in the event of a termination following a change in control are designed to attract and retain qualified executives who might not otherwise join or remain with the company without financial protection in the event that they are forced out of the company following a change in control. These provisions are also intended to provide for continuity of management in the event of a change in control of the company. We believe that our severance and change in control arrangements are comparable to those provided by the companies in our peer group and competitive within our industry.

None of our named executive officers are entitled to a tax gross-up in connection with a change of control payment.

The potential severance and change in control benefits payable under these agreements are more fully described in the section titled "Potential Payments upon Termination or Change in Control."

Compensation Clawback Policy

The Board of Directors has adopted an executive compensation recovery, or "clawback" policy that applies to all executive officers in the event the company is required to restate its financial statements. The Compensation Committee will seek recovery of any performance-based incentive payments or grants granted to executive officers during the three years preceding such restatement where (1) the payment or award grant was calculated based on achievement of the misstated financial results; (2) the Board of Directors determines the executive engaged in intentional misconduct that materially contributed to the need for the restatement; and (3) a lower payment or award grant would have been made to the executive based upon the restated financial results, unless the Committee determines that recovery of the excess compensation would be unreasonable or contrary to the interests of the company.

Executive Stock Ownership and Retention Guidelines

The Board of Directors has adopted stock ownership guidelines pursuant to which the following executive officers are expected to own shares of company stock equal in value to a multiple of the executive officer's base salary, as follows:

Chief Executive Officer	5x annual base salary
President and Chief Operating Officer	3x annual base salary
Chief Financial Officer	2x annual base salary

Until an executive has satisfied the stock ownership guidelines, he is required to retain 75% of the after-tax shares received upon the exercise or vesting of equity incentive awards. Furthermore, any sales of company stock by an executive will be permitted only to the extent that the executive will continue to meet the guidelines immediately following such sale.

Tax and Accounting Considerations

The accounting and tax treatment of compensation generally has not been a material factor in determining the amounts of compensation for our named executive officers. However, the Compensation Committee and management have considered the accounting and tax impact of various program designs to balance the potential cost to us with the benefit/value to the executive.

CEO PAY RATIO

SEC regulations require that we provide a comparison of the annual total compensation of Keith Myers, our Chief Executive Officer in 2018, to the annual total compensation of our median employee. For purposes of providing the comparison in accordance with SEC regulations, we identified a “median employee” and compared Mr. Myers’ annual total compensation to that of the median employee. For 2018, our last completed fiscal year:

- Mr. Myers’ annual total compensation was \$4,492,614.
- Our median employee’s annual total compensation was \$41,096.
- The ratio of Mr. Myers’ annual total compensation to our median employee’s annual total compensation was 109:1.

Annual total compensation is calculated in the same manner as the amount set forth in the “Total” column in the 2018 Summary Compensation Table.

For the purposes of identifying the median employee, we selected December 31, 2018 to be the date as of which we determine our employee population. Employees added through corporate acquisitions completed in 2018 were excluded from the calculation. The number of acquired employees total 11,895. After excluding the acquired employee population, the analysis consisted of 17,926 employees. To identify the median employee, we derived compensation information from our payroll records for fiscal 2018. We annualized compensation for full-time employees hired during 2018.

We believe the pay ratio information set forth above constitutes a reasonable estimate, calculated in a manner consistent with applicable SEC regulations. Because other companies may use different methodologies to identify their median employees, the pay ratio set forth above may not be comparable to the pay ratios used by other companies.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Employment Agreements

We have employment agreements with each named executive officer, (collectively, the “Employment Agreements”), with effective dates as detailed in the table below:

Name	Effective Date of Current Employment Agreement	Expiration Date of Current Employment Agreement
Keith G. Myers	April 1, 2017	March 31, 2020
Donald D. Stelly	June 1, 2016	May 31, 2019
Joshua L. Proffitt	September 12, 2016	September 30, 2019
Bruce Greenstein	June 25, 2018	June 25, 2021

Each of the Employment Agreements will automatically renew for additional one-year periods unless either party gives notice to the other of its intent not to renew the agreement. The Employment Agreements provide that each executive is entitled to a minimum annual base salary (subject to annual review and increases for merit performance) and is entitled to participate in all incentive, savings, retirement, and welfare benefit plans generally made available to our senior executive officers. Each of these executives will have an opportunity to earn an annual cash bonus based upon achievement of performance goals to be established by the Compensation Committee. In addition, each of the executives is entitled to fringe benefits generally made available to our senior executive officers, and will be eligible for equity grants under our long-term incentive plans.

The Employment Agreements may be terminated by us at any time with or without “cause” (as defined therein), or by the executive with or without “good reason” (as defined therein). The Employment Agreements also terminate automatically upon the death or retirement of the executive and may be terminated by us if the executive becomes disabled. Depending on the reason for the termination and when it occurs, the executive will be entitled to certain severance benefits, as described below.

Termination for Cause; Resignation without Good Reason or due to Retirement

If an executive is terminated for cause, resigns without good reason (as such terms are defined in the agreements), or retires, the executive receives only the salary and vested benefits that have accrued through the date of termination or retirement. No other severance benefits are payable.

Termination Due to Disability or Death

If an executive is terminated due to disability or death, the executive (or his estate) receives salary and vested benefits accrued through the date of termination. The executive’s outstanding equity awards will vest and become immediately exercisable pursuant to the terms of our long-term incentive plans and applicable award agreements.

Termination without Cause or Disability; Resignation for Good Reason

Under the current terms of the Employment Agreements, if the executive is terminated without cause or disability, or resigns for good reason, then the executive will be entitled to accrued salary, vested benefits, and a pro-rata portion of the annual bonus earned through the date of termination, as well as the continuation of health and welfare benefits for the COBRA-eligible period. In addition, each of the named executive officers will be entitled to:

- if the termination occurs prior to, or more than two years following, a change of control of the company: (A) a severance payment equal to the product of 1.5 times the sum of (1) the base salary in effect as of the date of termination, plus (2) the greater of the average of the annual bonuses earned for the two fiscal years in which annual bonuses were paid immediately preceding the termination, or the target bonus for the year in which the date of termination occurs; and (B) continued vesting of outstanding equity awards, assuming compliance with the restrictive covenants discussed below.
- if the termination occurs within two years following a change of control of the company: (A) a severance payment equal to the product of 2.5 times the sum of (1) the base salary in effect as of the date of termination, plus (2) the greater of the average of the annual bonuses earned for the two fiscal years in which annual bonuses were paid immediately preceding the termination, or the target bonus for the year in which the date of termination occurs; and (B) the immediate and full vesting of all outstanding equity awards.

Restrictive Covenants

Each of the Employment Agreements contains confidentiality, non-compete, and non-solicitation covenants that apply during the executive's employment with the company and for a two year period, after the executive's termination of employment (or for a six month period if the executive's termination occurs within two years after a change in control).

Summary of Termination Payments and Benefits

The following table summarizes the value of the termination payments and benefits that our named executive officers would have received under their Employment Agreements if their employment was terminated on December 31, 2018 under each of the circumstances shown. The amounts shown in the table exclude distributions under our 401(k) retirement plan and any additional benefits that are generally available to all of our salaried employees.

- (1) Reflects a pro-rata payment of the executive's annual bonus for 2018, based on the portion of the year elapsed prior to termination. As the table assumes that the executive was terminated on December 31, 2018, the amounts reflect full annual bonus earned for 2018, as reported in the "Non-Equity Incentive Plan Compensation" column of the 2018 Summary Compensation Table.

- (2) Reflects a severance payment equal to the product of 1.5 times, or 2.5 times in the event of a change in control, the sum of (a) the executive's base salary in effect as of the date of termination and (b) the greater of the average of the annual bonuses earned by the executive for the two immediately preceding fiscal years, or the executive's target bonus for the year in which the date of termination occurs.
- (3) Reflects the cost of providing continued health and welfare benefits to the executive after the termination date of employment. The company will pay the excess of the COBRA cost of such coverage over the amount that the executive would have had to pay for such coverage if the executive had remained employed and paid the active employee rate. Our obligations to provide health and welfare benefits cease in the event the executive participates in another employer sponsored plan or when the COBRA benefit expires (18 months from qualifying event).
- (4) Represents the fair market value of shares of restricted stock that would immediately vest upon termination each based on closing market price of our common stock as of December 31, 2018, which was \$93.88.

PROPOSAL 2
ADVISORY VOTE ON EXECUTIVE COMPENSATION

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL 2, ADOPTION, ON AN
ADVISORY BASIS, OF A RESOLUTION APPROVING THE COMPENSATION OF OUR NAMED
EXECUTIVE OFFICERS.**

Pursuant to Section 14A of the Exchange Act, we provide our stockholders with the opportunity to vote to approve, on a non-binding, advisory basis, the compensation of our named executive officers, as disclosed in this Proxy Statement in accordance with the rules of the SEC. This vote does not address any specific item of compensation but rather the overall compensation of our named executive officers and our compensation philosophy and practices as disclosed in the section titled “Executive Officer Compensation.” This disclosure includes the “Compensation Discussion and Analysis” and the “Executive Compensation Tables,” including the accompanying narrative disclosures. At last year’s Annual Meeting, we provided our stockholders with the opportunity to cast a non-binding advisory vote regarding the compensation of our named executive officers as disclosed in our Proxy Statement for the 2018 Annual Meeting of Stockholders. Our stockholders approved the “say-on-pay” proposal by greater than 95% of the voting power of the outstanding shares of our common stock present, in person or by proxy, at the 2018 Annual Meeting and entitled to vote on the proposal. We are again asking our stockholders to vote on the following resolution:

RESOLVED, that the stockholders of LHC Group, Inc. (the “Company”) approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the Proxy Statement for the company’s 2019 Annual Meeting of Stockholders pursuant to Item 402 of Regulation S-K of the rules of the Securities and Exchange Commission.

We understand that executive compensation is an important matter for our stockholders. Our core executive compensation philosophy and practice continue to be based on pay for performance, and we believe that our compensation program is strongly aligned with the long-term interests of our stockholders. In considering how to vote on this proposal, we encourage you to review all the relevant information in this Proxy Statement, including the “Compensation Discussion and Analysis” (including its executive summary), the “Executive Compensation Tables,” and the rest of the narrative disclosures regarding our executive compensation program in the section titled “Executive Officer Compensation”.

While this advisory vote, commonly referred to as a “say-on-pay” vote, is not binding, our Board of Directors and the Compensation Committee value the opinion of our stockholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers. Following the recommendation of our stockholders at our 2017 Annual Meeting, we have held an advisory “say-on-pay” vote at each subsequent Annual Meeting. The next required advisory vote of our stockholders regarding the frequency of “say-on-pay” will occur at the 2023 Annual Meeting.

We invite stockholders who wish to communicate with our Board of Directors on executive compensation or any other matters to contact us as provided in the section titled “The Board of Directors and Corporate Governance-Stockholder Communications with the Board of Directors.”

For additional information on the voting requirements, see the section titled “Questions and Answers about the Proxy Materials, Annual Meeting and Voting.”

PROPOSAL 3
RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

THE BOARD OF DIRECTORS RECOMMENDS A VOTE “FOR” PROPOSAL 3, THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

The independent accounting firm of KPMG LLP (“KPMG”) has served as our independent registered public accounting firm since August 20, 2008. Our Audit Committee has selected KPMG to conduct the annual audit of our financial statements for the fiscal year ending December 31, 2019. KPMG has no financial interest, direct or indirect, in the company and does not have any connection with the company except in its professional capacity as an independent auditor.

The ratification by the stockholders of the selection of KPMG as our independent registered public accounting firm is not required by law or by our bylaws. Our Board of Directors, consistent with the practice of many publicly held companies, is nevertheless submitting ratification of its selection of KPMG to its stockholders for approval. If our stockholders do not ratify the selection of KPMG at the annual meeting, the Audit Committee may reconsider its selection of KPMG as our independent registered public accounting firm for the fiscal year ending December 31, 2019. Even if the selection of KPMG is ratified, the Audit Committee, in its sole discretion, may appoint a different independent registered public accounting firm at any time during the fiscal year if the Audit Committee determines that such a change would be in the best interests of the company and our stockholders.

Representatives of KPMG will be present at the 2019 Annual Meeting of Stockholders and will have an opportunity to make a statement, if they so desire, and to respond to appropriate questions.

For additional information on the voting requirements, see the section titled “Questions and Answers about the Proxy Materials, Annual Meeting and Voting.”

(2) *Audit-Related Fees* includes fees for professional services rendered for assistance with review of financial statements not included in (1) above.

(3) *Tax Fees* includes fees for professional services rendered for tax compliance, tax advice, and tax planning.

(4) *All Other Fees* includes the Accounting Research Online tool used by the company during 2018 and 2017.

Audit Committee Pre-Approval Policy

Our Audit Committee approves all fees to be paid for audit and audit-related services and all other fees of our independent auditor prior to engagement for those services.

The Audit Committee is responsible for the appointment, compensation, and oversight of the work performed by our independent registered public accounting firm. The Audit Committee has adopted a pre-approval policy requiring it to pre-approve all audit and audit-related services and permitted non-audit services provided by our independent registered public accounting firm in order to assure that the provision of such services does not impair their independence.

The Audit Committee pre-approval policy sets forth specified audit, audit-related, tax, and other permissible non-audit services, if any, for which pre-approval is provided, without further approval by the Audit Committee, up to a maximum fee amount set annually by the Audit Committee. Pre-approval is generally provided for up to one year, and any proposed services exceeding these fee levels or

any services not specifically identified in the policy must be specifically pre-approved by the Audit Committee. Our independent registered public accounting firm and management periodically report to the Audit Committee regarding the extent of services provided by the independent registered public accounting firm in accordance with this pre-approval policy. The Audit Committee may also pre-approve particular services on a case-by-case basis and may delegate specific pre-approval authority to one or more members pursuant to a resolution adopted by the unanimous approval of the Audit Committee, provided that the member reports any pre-approved services at the next regularly scheduled Audit Committee meeting.

The Audit Committee pre-approved all services provided by KPMG in 2017 and 2018. The Audit Committee has pre-approved all services anticipated to be provided by KPMG during 2019.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The Audit Committee oversees the company's financial reporting process on behalf of our Board of Directors. Management has the primary responsibility for the financial statements and the financial reporting process, including the systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed with management the company's audited financial statements for the fiscal year ended December 31, 2018, including a discussion of the acceptability and quality of the accounting principles, the reasonableness of significant accounting judgments, and the clarity of disclosures in the financial statements. In consultation with management, the Audit Committee also considered the company's financial reporting processes and reviewed and assessed the adequacy of internal controls over financial reporting.

The Audit Committee discussed with KPMG LLP ("KPMG"), the company's independent registered public accounting firm, the overall scope and plans for the audit of the company's financial statements. The Audit Committee has met with KPMG, with and without management present, to discuss the results of its observations of the company's internal controls and the overall quality of the company's financial reporting.

The Audit Committee reviewed with KPMG, who are responsible for expressing an opinion whether the financial statements are presented fairly in all material respects in accordance with U.S. generally accepted accounting principles, their judgments as to the acceptability and quality of the company's accounting principles and such other matters as are required to be discussed with the Audit Committee under generally accepted auditing standards, including those matters required to be discussed by Auditing Standard No. 1301, *Communications with Audit Committees*, as adopted by the Public Company Accounting Oversight Board ("PCAOB"). The Audit Committee also reviewed and discussed with management and KPMG management's report and KPMG's report and attestation on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act of 2002.

In addition, the Audit Committee has received the written disclosures and the letter from KPMG required by applicable requirements of the PCAOB regarding KPMG's communications with the Audit Committee concerning independence and has discussed those disclosures with KPMG. In addition, the Audit Committee discussed with KPMG their independence from management and the company. The Audit Committee also considered whether KPMG's provision of services during 2018 that were unrelated to their audit of the company's financial statements and to their reviews of the company's interim financial statements during 2018 is compatible with maintaining KPMG's independence.

Members of the Audit Committee rely without independent verification on the information provided to them and on the representations made by management and KPMG. Based on the foregoing reviews and discussions with management and with KPMG, and the receipt of an unqualified opinion from KPMG dated March 1, 2019 regarding the company's audited financial statements for the fiscal year ended December 31, 2018, the Audit Committee recommended to our Board of Directors that the audited financial statements be included in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2018 for filing with the Securities and Exchange Commission.

Submitted by the Audit Committee of the Board of Directors.
